## ADDITIONAL INFORMATION

The closure of three elementary schools in the district led to a significant change in the student population and in the teachers in classrooms at Mt. Gallant Elementary.

Half of our student population was new to our school. We received nearly 250 new students from India Hook, Old Pointe, and other elementary schools in the district.

We also welcomed 11 new staff members to the building, including a new principal. We worked hard to develop a sense of family/community among our staff, despite limitations due to COVID protocols.

We welcome community members to join our SIC and our PTA to continue to make Mt. Gallant a wonderful place to learn and grow!
