

SPEAKERS

Share your knowledge and experience with students in relevant classes and/or events.

JOB SHADOWING

Individual students come to your work place to watch and learn. Allow a student to interview you about how you earned your position, the best and hardest parts of your job and offer advice. Students begin shadowing at 8th grade.

FIELD STUDIES

Invite students to see your work environment and meet employees as a group or class.

VIRTUAL FIELD STUDIES

Make a video of your workplace to explain your organization.

MOCK INTERVIEWS

Come interview seniors for positions in their career path.

Robine@rhmail.org

CAREER DAYS

Set up a table, bring hands on activities, and share your expertise about your career with middle schools or high schools.

STEAM EVENTS *STEAM*

Represent your career at annual STEAM Career Days. South Pointe and Saluda Trail hold annual events.

REAL WORLD EXPERIENCES

Internships, Clinical Studies, and Co Op experiences give students at least 40 hours of work experience outside of the classroom.

APPRENTICESHIPS

Hire students to learn on the job and take relevant college classes over 2-4 years to earn certificates and/or a degree. Youth can start as young as 16 and mentors groom students for specific careers.
