

SPRINGS CREATIVE

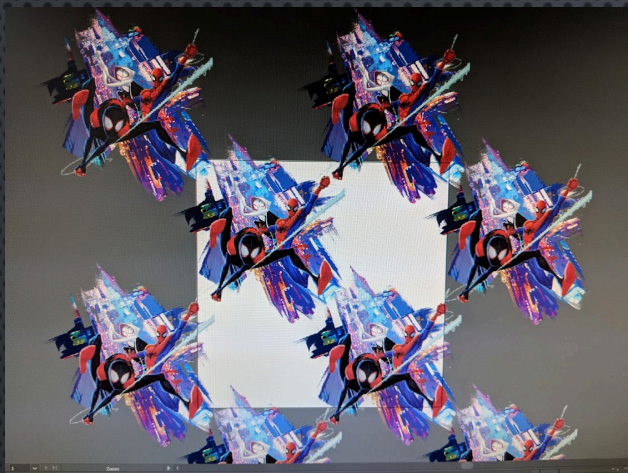

JOSHUA GIST

RESTORATION OF ART

Going into photoshop or illustrator and touching up and fixing previously archived patterns and designs, is a really big part of springs, because it allows them to be re used and distributed to different buyers/sellers.

CREATING FABRIC PATTERNS

Creating designs for fabrics takes a lot of time and effort. Choosing which characters arts to use and placements of different art and vectors. There's a lot of things that go into the pieces that affect things like printing and image quality.
