

Rock Hill School District Three

Rock Hill, South Carolina

Photo or Media Consent Form

The Rock Hill School District is fortunate to attract much positive publicity about our schools, students and staff. To keep our community better informed about what's happening in the schools, we often allow the local news media to take photos or tape our students as they work on classroom projects, participate in extracurricular activities or receive recognition for their accomplishments. In addition, we use photos of students and their work samples in yearbooks, slides, student or district publications and on the Internet.

To protect a student's privacy while also providing opportunities for student recognition, the Rock Hill School District requires that parental permission be obtained before any student's image or name is used. If you are willing to provide such consent, please complete the information requested below and return this sheet to your child's school by August 29, 2008.

(Except for signature, please print!)

Name of Student _____

Grade _____

Name of School _____

Parent/Guardian's Name _____

Parent/Guardian's Signature _____
