

# STAR STUDENT FOR Culinary Arts

Patrick Ruman is the Star Student for the Culinary Arts Management I program. Patrick is being honored because he demonstrates the skills and attributes that employers value.

Patrick Ruman is an exceptional student. I have the pleasure of teaching Michael in my Level I program and I am more than happy to. He is very diligence, intelligence and aptitude impresses me. Not only is Patrick a well-behaved student but he takes pride in all his assignments ensuring that everything is done to standard and on time, which is a result of him having the achieving average of (98.1%.) He always shows interest and participates in group/class activities. On lab days he always ensures that his group's duties are done and done correctly. Patrick always displays initiative on his behalf ensuring that the kitchen always looks the same as it did when we enter.

Patrick displays good communication skills that are essential in the kitchen and classroom. His interpersonal skills are stronger than others which will result in him becoming more successful and benefit him both professionally and personally. He always takes advantage of extra time to set his future goals. He is very resourceful and works without always being told what to do.

He demonstrates all the abilities to take initiative and enterprise for others to follow. When call upon to do something Patrick achieves superior results with minimum guidance; this is why I am so delighted to have ways displays initiative on his behalf ensuring that the kitchen always looks the same as it did when we enter.

When call upon to do something Patrick achieves superior results with minimum guidance; this is why I am so delighted to have him in my class. I can sincerely say that knowing and teaching Patrick is a pleasure. As a teacher, it is rewarding to teach students like Patrick, who doesn't only work to excel but challenges the status quo and stand-up for what he believes. He is definitely someone I'd love to see in the food industry.

#AWESOMEJOB!

# AG SCIENCE and HORTICULTURE

Ben Graham the Star Student for the Agriculture/Horticulture program for the month of May. Ben Graham is being honored because he demonstrates the following skills and attributes that employers value.

Ben is the first to volunteer to help other students or complete a task in the lab. He is always on-time and ready for whatever lesson our class takes on for the day. Ben is never afraid to push himself further on an assignment and get his hands dirty in the lab. Ben takes initiative even when it isn't the "cool" thing to do. Ben's SAE comes in the form of an at-home entrepreneurship. Ben is growing tomatoes in hopes of creating his own tomato products from his original fruits.

# Health Science 1 Neely

Riley Nahrgang is the Star Student for the Health Science program.

Riley is being honored because she demonstrates the skills and attributes that employers value.

Summarize the form, writing a sentence about several (not all) of the categories and include the student's special accomplishments.

Riley has excellent social skills, interpersonal skills, and great communication skills. She interacts with others very well. Riley is a good listener and she has respect for others. Based on Riley's academic achievement, there is no doubt that she is motivated. Amongst all my Health Science students, she has the highest grade for the 1<sup>st</sup> 9 weeks. She demonstrates dedication, integrity, and creativity. Riley has all characteristics of a great leader and a desire to achieve. Her inner core values are expressed by her behavior and her actions. I am impressed by Riley's quantitative skills such as; solving complex problems using critical thinking, ability to comprehend, analyze, and apply concepts effectively. Riley has the capability of tackling complex concepts in an organized manner. She has the willingness and desire to go the extra mile. What I admire about Riley the most is her aptitude and she executes her responsibilities very well. Based on her classroom accomplishments, she will be a great asset for any employer. Riley is interested in sports medicine.

# Health Science 3 Tinkler

Riley Poole is the Star Student for the Health Science 3 program. Riley is being honored because she demonstrates the skills and attributes that employers value.

Riley is a very outgoing student who always prepared when she comes to class. You can tell she is a planner is very organized. She demonstrates great time management and self management skills by looking ahead at the big picture at what needs to be done and pacing herself and ultimately working ahead. She is always eager to learn new material or lend a helping hand to a fellow classmate. She has great communication skills with her fellow classmates as well as staff on campus. She has a contagious smile that can brighten anyones day( you can see it in her eyes under the mask :). She has worked very hard to graduate a year early and will graduate in June 2021, and then will go on to achieve her goal as a dental hygienist. She will blossom in that field patients will love her. Keep up the great work Riley!

# WELDING

Devin Morris is the Star Student for the Welding 1 program.

Devin is being honored because he demonstrates the skills and attributes that employers value.

Devin is a sophomore at Rock Hill High School. He has completed stick welding through flat, horizontal, vertical and now work and improving on tig welding as well as cutting in level 1 weld tech. He has demonstrated a desire for the welding work force as well as class he is always using a piece of equipment in the shop. Devin has demonstrated perseverance when an issue develops while welding and using machinery. He has demonstrated effective work readiness and when how and where to start and complete a task. He has effectively shown his interpersonal skills as well he understands when being asked to do a task. Devin is taking welding to have another skill under his belt but he is planning on going into HAVC after high school.

# Integrated Production Tech Program

**Joseph Palmer Floyd** is the Star Student for the Mechatronic Systems for Adv Prod program.

**Palmer is being honored because he demonstrates the skills and attributes that employers value. Palmer has demonstrated the true meaning of mission first. He has demonstrated true leadership by approaching his team/classmates in a manner that encourages the best performance from each one. He is quick to remind everyone to stay on task and what the common goal should be. Palmer practices what he says as well. He leads demonstrations on how tasks should be completed and encourage his team/classmates when there is difficulty with completing the assignment. Palmer's self-management skills, communication skills, problem solving and teamwork skills are definitely what employers are looking for in future employees.**

# STAR STUDENT FOR Mechanical Design 1.

Nathan Falzone is the star student for Mechanical Design 1. Nathan is a great student and works diligently. He has maintained an A average throughout the course because of his outstanding work effort. Nathan takes pride in his work and is always willing to ask a question if needed. Congratulations, Nathan!

# Media Technology

Calvin Brown is the Star Student for the Media Technology program.

Calvin demonstrates the skills and attributes that employers value. *Calvin is a hard working student who demonstrates excellent creative skills. I can always count on Calvin to try out new editing and/or graphic design concepts. He knows how to problem solve something with our software and he is always willing to help other students work out their difficulties. Calvin also exhibits a positive attitude. He not only appreciates constructive criticism to his work, he listens and makes necessary edits.*

# Intro. To Teaching

**Keiara Short** is the Star Student for the Introduction to Teaching program.

Keiara is the star student for Introduction to Teaching because she demonstrates so much passion and enthusiasm for working with children. She asks questions when needed and takes initiative. She designs creative lessons for her buddy in the 4K each week. She always makes an effort to participate in class discussions and is always willing to help others. I have no doubt she will be an amazing teacher one day!

# STAR STUDENT FOR COLLISION REPAIR

Samuel Bermudez is the Star Student for the Collision Repair and Refinish Program. Sam is a senior at Northwestern High School. His work ethic and attendance is absolutely amazing. He never complains about any assignment or task, he just does it very quietly and effectively. Sam will always find something constructive and beneficial to do to keep busy. In his spare time, he is a dedicated employee for Rock Hill Parks, Recreation & Tourism as a soccer referee and he also works for Pro-Details detailing vehicles for local dealerships. He is also a valuable member of our Rat Rod Program. After graduation, Sam plans to attend either York Technical College or Greenville Technical College where he will study Collision Repair and Refinish Technology or Automotive Technology in order to pursue his career.

Thank you Sam for your hard work, dedication and work ethic. Congratulations on this achievement and keep up the good work.

# STAR STUDENT FOR COSMETOLOGY

Taleesa Rhinehart Is the Star student for the Cosmetology program. Taleesa is being honored because she demonstrates skills and attributes that employer's value.

Taleesa's grades are excellent, and is earned National Technical Honor Society. She evaluates options for the best solutions. Taleesa is always first to help any classmate who may be struggling with a concept or technical application both in the lab and classroom. Taleesa is prepared and acts promptly with a positive attitude. She just recently went to boards and passed! If you are looking for a new stylist Taleesa would be a great choice!

# CLINICAL STUDIES George

Kiera Kearse is the star student for Clinical Studies class for April, 2021. Kiera is taking this class to help benefit her in her future career goal of becoming a nurse. Kiera ultimately wants to be a travel OB/GYN nurse. She is applying what she has learned in regards to care planning. She is managing her own time and being prompt with her assignments and even early with some. She is going above and beyond and showing initiative when appropriate. She understands and applies infection control and resident privacy and rights. She shows excellent soft skills as well as accurate and careful hands-on/patient care skills. Kiera planned ahead by over a month to let me know about a college visit she was doing because it affected clinicals. She will go far in the Healthcare field. Congratulations!

## HEALTH SCIENCE 2 Brian Smith

Nathan Moore is the Star Student for the Emergency Medical Services program.

Nathan is being honored because he demonstrates the skills and attributes that employers value. Nathan works hard each and every day. Nathan is a leader in the classroom and in the lab. Nathan has great attendance and completes all assignments before the due date. Nathan leads by example and will be very successful in the future.

Thanks, Nathan for being an excellent student leader.

# Power Equipment

**Robert (Mason) Thomas is the Star Student for the Agricultural Mechanics program.**

**Mason is being honored because he demonstrates the skills and attributes that employers value.**

**Mason shows exemplary problem solving and self-management skills. Mason has taken on an SAE project that was started last year by a group of students and left in pieces. He takes every opportunity he gets to work on the project. He has put in a lot of effort trying to figure out how to get the project working. He has made great strides on his path to get the golf cart drivable and I look forward to**

# CONSTRUCTION WALLAT

Caleb Blanks is the star student for the Construction Program this month.

Caleb is being honored because he demonstrates the skills and attributes that employers value. He is dependable with his attendance and punctuality. He is caught up with all of his assignments. He is always focused on the task at-hand and is not easily distracted. Caleb puts great effort into each project he completes and takes pride in his work. Caleb works with initiative, and is always ready for the next task. He possesses excellent communication skills and is courteous among his team members. Caleb shows the willingness and eagerness to learn, and apply what he has learned into his life. He demonstrates critical thinking and problem solving skills. Caleb would be a successful and welcomed member of the construction industry.

Congratulations Caleb!

# INTRO. TO CONSTRUCTION

Adrian Walker is Star Student for Intro, to Construction. Adrian is being honored because he demonstrates exemplary work place skills that employers value. He demonstrates a strong positive work ethic. He is always willing to push himself to get better. He searches for answers or answers on his own and ask question when needed. He gives the extra effort to complete all task correctly the first time.

# Logistics and Distribution Massey

**Samwise Greenlee is the Star Student for the Logistics & Distribution 1 program.**

**Samwise is being honored because he demonstrates the skills and attributes that employers value. It has been a pleasure to teach Samwise. Every day, Samwise comes to class prepared. He checks on the previous days' assignment, inspects the Lab and straighten up the stray material. Samwise will seek out things to help with. His initiative and leadership of his peers are the qualities that employees are looking for.**

# HEALTH SCIENCE 2

Haney

*Haylee Scott* is the Star Student for the HEALTH SCIENCE 2 program.

*Haylee Scott* is being honored because she demonstrates the skills to be successful. Haylee has shown a strong ability to display self-management when needed.. She is always personable, and puts her best foot forward on every assignment. Haylee is a team player in class and demonstrates the qualities of a star student by helping other students to be successful. She completes assignments on time and to the best of her abilities. Haylee has shown leadership and excellent skills when working with others in class. Haylee is a star student. Congratulations Haylee!

S.

*Haylee has demonstrated many qualities that make her "star student quality". She has shown her work ethic and dedication to getting a good grade. She has shown she plans for the class and studies hard to be*
