

M. Soto

Bryan Ramsey is the Star Student for the Digital Art & Design program. Bryan is being honored because he demonstrates the skills and attributes that employer's value. Bryan is always on task; he is motivated and works hard on his projects with great time management skills. When he doesn't understand something he asks a question and when someone else needs assistance he doesn't hesitate to help out. He listens effectively and is very personable. He has the ability to manage new technology with great creativity and perseverance; he is a natural leader and willing to try new tasks. I am proud to nominate Bryan Ramsey as Digital Art and Design Star Student.

LOOK AT THAT SHIRT HE DESIGNED!

# Electricity

Ryan DeJesus is the Star Student for the Electricity program. He is being honored because he demonstrates the skills and attributes that are valued by employers. Ryan is finishing the Electricity Program as a sophomore. This alone attests to his hard work and dedication. He is always looking for a better and more efficient way to complete his work. His work is always completed to the highest level of workmanship, both lab and academic. Ryan wants to go into electrical engineering and own his own company. I have no doubt Ryan will be successful in all his future endeavors.

# Power Engines

- Jarad Greenwood is the Star Student for the Small Engine Technology program.
- Jarad is being honored because he demonstrates the skills and attributes that employers value.
- Jarad is my star student for his work ethic everyday in the lab and classroom. Jarad is currently rebuilding a go cart this semester and stays engaged every day. Jared completes his assigned work in Small Engines on time and enjoys class. Jarad demonstrates skills learned in class everyday and works well with others. Jarad plans to finish his third year of Welding next year at ATC.. Great Job, Jarad!

# Auto Technology

- **Noah Thompson** is the Star Student for the **Auto Tech** program. **Noah** is being honored because he demonstrates the skills and attributes that employers value.
- Noah is eager to learn and isn't afraid to jump right in and tackle a task assigned or to get ahead on his classwork. He works very well with his classmates and has very good communication skills. Congratulations Noah.

# MEDIA TECHNOLOGY STAR STUDENT

*Carron Venables is the Star Student for the Media Technology program.*

*Carron Venables is being honored because she demonstrates the skills and attributes that employers value.*

*Carron is a dependable, hard working student who demonstrates excellent creative skills. Carron places great attention to detail in her digital artwork. She is always willing listen to and take constructive criticism and apply it to her work. When it comes to trying new techniques or leaning new skillsets, Carron always meets these challenges with passion. She is always aware of her deadlines and plans accordingly to meet these dates.*

# Chinese

- Blake Bojanowski is the Star Student for the Chinese program. Blake is being honored because he demonstrates the skills and attributes that employers value.
- Blake is an enthusiastic learner and strives to reach his full potential. He has kind, caring, and friendly character. He shows respect for teachers and peers.
- He always seeks new challenges and takes responsibility for his learning. He always faithfully performs classroom tasks and remains an active learner throughout the class. He tackles Chinese assignments and tasks in an organized manner.
- Blake sets an example of excellence in behavior and cooperation. He cooperates consistently with me and other students and conducts himself with maturity. He is also an active participant in small group discussions, and always stays focused on the task at hand. Blake expresses ideas clearly, both verbally and through writing.

# Welding

- Kayla Ervin is the Star Student for the Welding 1 program.
- Kayla Ervin is being honored because she demonstrates the skills and attributes that employer's value.
- Kayla Ervin is a sophomore at Northwestern high school. She has completed nearly all types of welds so far in the level one class. She remains on task and works hard throughout the class period. She has a talent for her attention to detail and creative thinking. She's passionate and hard-working with her welding, and always learning from her mistakes. She has good time management and is always trying to help her peers. She has been consistent with her welding in class, and is going to get her certificate in welding after high school. She is aiming to be a pipe welder when she graduates. Good luck Kayla.

# Culinary Arts

- **Parker Vaughn is the Star Student for Culinary Arts II Management program. Parker is being honored because she demonstrates the skills and attributes that employers value.**
- Not only is Parker a well-behaved student but she takes pride in all her assignments ensuring that everything is done correctly and on time, which is a result of her being tied with the highest average of all of my classes (98.93%). She always shows interest and participates in class activities. On lab days no matter what her group's responsibilities are; she always assures that her group's duties are done and done to standard. She demonstrates all the ability to take initiative and enterprise for others to follow. When asked to do something Parker achieves superior results with minimum guidance; this is why I was delighted to see her on my 2018 - 2019 class roster. She is definitely someone I'd love to see working in the food industry.
- **#AWESOMEJOB!**

# CLINICAL STUDIES

George

- Michael Ramirez is the Star student for Medical Terminology. He is a Rock Hill High Junior who intends to become a medical doctor. Michael is an active HOSA member who has taken Health Science One, Two and Three as well as currently taking Medical Terminology. He works hard and meets deadlines without reminders. Michael also goes above and beyond, doing extra assignments to ensure that he learns the terminology well, receiving extra credit for his efforts regularly. Not being satisfied with the minimum, his work ethic is excellent. He is always polite and cooperative, getting along well with peers and teachers alike. Michael manages his time well balancing his academic, sports, work and social commitments. Due to his soft skills, he will be a sought-after health care worker, standing out from the crowd.

## Health Science 2 Smith

Brittany Bumpers is the Star Student for the EMS program.

Brittany is being honored because she demonstrates the skills and attributes that employers value.

Brittany is an excellent student who works hard everyday, and is able to lead by example in the class and lab. Brittany has a plan for her future and will be a great member of the health science field.

Thanks Brittany for being such a great young lady.

# Health Science Neely

**McKenna Poole is the Star Student for the Health Science 1 program.**

**McKenna Poole is being honored because she demonstrates the skills and attributes that employers value.**

**McKenna Poole has excellent social skills and interpersonal skills. She has great communication skills (verbal and nonverbal) and she interacts with others very well. McKenna Poole has great listening skills and respect for others. Based on McKenna's academic achievement, there is no doubt that she is motivated. A leader is someone that is assertive but nonaggressive, shows dedication, has integrity, and creative. McKenna has all characteristics of a great leader and a desire to achieve. Her inner core values are expressed by her behavior and her actions. I am impressed by McKenna's quantitative skills such as; solving complex problems using critical thinking, ability to comprehend, analyze, and apply concepts effectively. She has the capability of tackling complex concepts in an organized manner. She has the willingness and desire to go the extra mile. Two of her many strengths that I admire the most is her promptness to class and her willingness to help her classmates with assignments and projects. Finally, McKenna supported the Applied Technology Center by attending the Winterfest.**

# HEALTH SCIENCE 1 Robertson

- Elissa Ramirez is the Star Student for the Health Science 1 program.

- Elissa is being honored because she demonstrates the skills and attributes that employers value.
- Elissa is an exceptional student. She always comes to class prepared and ready to learn. She demonstrates initiative in the classroom, by starting and completing her assignments. She has the ability to problem solve and displays a positive attitude

# ADVANCED TECHNOLOGY FOR DESIGN AND PRODUCTION

Massey

JOSEPH (PALMER) FLOYD is the Star Student for the ADVANCED TECHNOLOGY FOR DESIGN & PRODUCTION program.

PALMER is being honored because he/she demonstrates the skills and attributes that employers value.

Palmer is the true example of a hard worker. He has also shown great leadership skills. He completes his assignments and then offer to help his peers. Palmer comes to class and get right to work on his assignments. His attitude shows that he is eager to learn. Palmer is a true team player.

# Drafting

## **Saliyah Dujoy - Drafting**

**Saliyah is the Star Student for Drafting! She has worked very hard and has maintained an A average. She is self-motivated and strives for accuracy and quality in her work. Saliyah is not afraid to ask questions and displays self-management and maturity in class. Great job, Saliyah!**

# HEALTH SCIENCE 1 Wilson

LaShawn McCloud-Feaster is the Star Student for the HS1 program.

LaShawn is being honored because she demonstrates the

LaShawn has been a great student to have in class this semester. She is driven and knows what she wants to do. She comes to class everyday ready and with a smile on her face. She helps out her fellow classmates when needed. LaShawn works hard everyday to do her best on every assignment.

# Collision Repair and Refinish

- Marquavious Townsend is the Star Student for the Collision Repair and Refinish Program. Marquavious is a senior at Northwestern High School. His work ethic and attendance is absolutely amazing. He never complains about any assignment or task, he just does it very quietly and effectively. Marquavious will always find something constructive and beneficial to do to keep busy. In his spare time, he works at Ross Distribution Center.
- After graduation, Marquavious plans to attend Greenville Tech to pursue a career in the Automotive Repair Industry.
- Thank you Marquavious for your hard work, dedication and work ethic. Congratulations on this achievement and keep up the good work.

# Warehouse Distribution and Logistics

Demetrius Nixon is the Star Student for the Logistics & Distribution program.

Demetrius is being honored because he/she demonstrates the skills and attributes that employers value.

Demetrius has demonstrated the true meaning of mission first. He has demonstrated true leadership by approaching his team/classmates in a manner that encourages the best performance from each one. He is quick to remind everyone to stay on task and what the common goal should be. Demetrius practices what he says as well. He demonstrates how tasks should be completed and encourage his team/classmates when there is difficulty with completing the assignment. Demetrius's self-management skills, communication skills, problem solving and teamwork skills are definitely what employers are looking for in future employees.

# Introduction to Teaching “Grow Your Own”

- Nina is my star student for Introduction to Teaching for the month of May. Nina demonstrates passion and enthusiasm when working with children. She always goes above and beyond the expectations in and out of class. All of her work and assignments are above my expectations. She designs creative lessons and is constantly thinking of what she can do next with her 4K buddy. She puts in so much effort at her internship and has really grown in her teacher skills. Nina will be a great teacher one day!

# HEALTH SCIENCE 3 Tinkler

Naomy Muniz is the Star Student for the Health Science 3 program.

Naomy is being honored because she demonstrates the skills and attributes that employers value. Naomy is a very hard working student who always goes above and beyond in everything she does, and always strives to do her best. She works well with others and has great leadership skills. She does whatever it takes to be successful in her classes. She will be one of the first to answer a question or ask a question if she is unsure of something. She will also help her classmates if they need help as well. She has great time management skills which will be very beneficial to her as she enters college to become a dental hygienist. She has a very warm and comforting smile and a great personality which will take her far in the field of dentistry.

# Cosmetology

Talasia Tate is the Star Student for the Cosmetology program.

Talasia is being honored because he/she demonstrates the skills and attributes that employers value. Talasia is very cooperative and has a positive attitude. She takes initiative in the lab setting to maintain her goals and daily objectives.

She is very creative and has an eye for detail. She strives to complete tasks on time while maintaining high quality work. Talasia competed in the Association of Salon Professionals State Competition last month in Myrtle Beach and won first place in Braiding/Twist Style event. I continue to be impressed by professionalism and self-management. Talasia has already started her professional career by earning a Braiding License while in high school.

# Digital Arts Burgin

- Jordan Peek is the Star Student for the Digital Art and Design program for this month. Jordan is being honored because he demonstrates the skills and attributes that employers value. Jordan has demonstrated great workplace skills throughout the semester. He always arrives to class with a positive attitude on time every day. He shows initiative in offering to help whenever needed to other students and the teacher. He is easy to get along with and listens effectively, asking questions when he doesn't understand. Jordan represents what we look for in a Star Student with great communication skills and working well with others. He is hardworking and a courteous student. Jordan is also a very talented designer, who excels on class assignments and works on personal projects in his own time. I am proud to nominate Jordan Peek as a Digital Art and Design Star Student.
