

## Purpose of SIC

Mandated by law, the School Improvement Council (SIC) serves as an advisory group to the school. The SIC brings together parents, school faculty, and community stakeholders to work together to collectively establish, monitor, and evaluate specific long and short range goals for student achievement. In addition, the SIC is a resource for parents, community members, and faculty members to share ideas and concerns about the school. Other functions of the SIC are to provide an annual school report to parents and the community and increase parental awareness and involvement of SIC initiatives.

## Who We Are

Finley Road Elementary school was established in 1957. We are currently a Title 1 school and serve 320 students and their families approximately 150 Face to Face and 150 Virtual Academy. The following quote best personifies the mindset of the faculty and staff at Finley Road:

**"We are here because we love the children. Teaching is woven into the tapestry of who we are. We need it. We love it. We were called to teach. It has never been about the salary, the recognition, or the misconception of only working nine months and having summers free with our families. Rather, it is the joy of knowing that we are not only teaching young minds, but we are also touching tender hearts."**
