**There are several things to note at this point:**

**Biltmore House-** tour includes their student tour, with one teacher included on the tour for every ten students. Should you have additional adults, they will not be on the student tour, but will be admitted separately for a self-guided tour.

**The Asheville Activities Center** program includes a Zip line Canopy Tour with four aerial trails. Total time here would be around 2 hours, and we would need to divide the group in half, with the other half doing the rafting excursion, then reverse for the afternoon. This activity is held rain or shine. Participants must sign a waiver, wear closed-toed shoes, and there is a 250-lb weight limit.

**The Wild Water Pigeon River** rafting excursion is a two hour event, including transportation to the launch site, water safety instructions, and the float trip on the Pigeon River.
