8. **“OR APPROVED EQUAL” CLAUSES:** Certain processes, types of equipment or kinds of materials are described in the specifications and on the drawings by means of trade names and catalog numbers. In each instance where this occurs, it is understood and inferred that such description is followed by the words “or approved equal”. Such method of description is intended merely as a means of establishing a standard of comparison. However, the District reserves the right to select the items which, in the judgment of the District, are best suited to the needs of the District, based on price, quality, service, availability and other relative factors. Vendors must indicate brand name, model, model number, size, type, weight, color, etc. of the item Proposal if not exactly the same as the item specified.

Vendor’s stock number or catalog number is not sufficient to meet this requirement. If any Vendor desires to furnish an item different from what is specifically mentioned in the specifications, he/she shall submit with his Proposal the information, data, pictures, cuts, designs, etc., of the material he/she plans to furnish so as to enable the District to compare the material specified; and, such material will be given due consideration. The District reserves the right to insist upon and receive the items as specified, if submitted items do not meet the District’s standards for acceptance.

9. **PATENTS:** The vendor shall hold the District, its officers, agents, and employees harmless from liability of any nature or kind whatsoever, on account of use by the publisher or author, manufacturer or agent, of any copyrighted or non-copyrighted composition, secret process, article or appliance furnished or used under this Proposal.

In addition to hard copies, Inspection reports need to be uploaded to the district’s maintenance request system (currently called FMX) and preventative maintenance record for that service will need to be finalized/resolved. FMX Training will be provided to the contractor as needed.

The requirements of the vendor include:

1. Awarded bidder shall obtain all required City and/or State licenses, and/or permits and provide copies to Rock Hill School District 3 prior to the inception of the contract.
2. All prospective bidders must have a minimum of 5 years experience providing inspections and maintenance to life safety systems as set forth by the National Fire Protection Agency. Additionally, bidders will need to include a copy of all of the necessary licenses as outlined by the State of South Carolina and National Fire Protection Association.

3. All prospective bidders must provide Certificate of Liability Insurance coverage with bid submission, meeting at a minimum the levels listed in the General Bid Conditions.

## Task Specifications

The test and inspect program may constitute several site visits by the contractor if devices are not found to be in proper working order on the initial visit.

The District expects a lump sum fee which would cover the test and inspect of the systems until the systems are fully operational. These must occur following the normal school day so as to minimize disruption to the daily operation. This test shall be all inclusive of all panels and devices currently on site. The contractor must ensure proper performance of all devices and certify this in writing to the District.

It is the responsibility of the awarded vendor to make arrangements for any lift equipment needed to reach all devices. The initial inspection should include a CAD drawing showing the location of all devices.

Any devices which did not respond or operate appropriately during the test and inspect program must be reported immediately through a work order placed into Rock Hill School District's work order system.

Appendix I- Conflict of Interest

## APPENDIX I: CONFLICT OF INTEREST STATEMENT

I, \_\_\_\_\_ (Offeror/Contractor), on behalf of myself and my company, and my subcontractors, if applicable, certify the following, under penalty of perjury, that to the best of my knowledge and belief:

1. No circumstances currently exist that create a Conflict of Interest in my performing the services required by the Solicitation to which I am responding or the Agreement to be signed if I am the successful Offeror in response to this Solicitation, and
2. I understand and acknowledge that my failure to disclose any affiliation or relationship that creates or may create a Conflict of Interest shall be deemed a material misrepresentation and sufficient reason for Offeror and Offeror's company to be disqualified, suspended, and/or excluded from participating in this and any future solicitation and procurements as well as removal from the Rock Hill School District vendor database. It may further result in termination of any contractual relationship with Rock Hill School District (District) and may be grounds for disciplinary action, up to and including debarment by the District, fines, penalties, imprisonment, or civil suit to be brought against Offeror or Offeror's company.
3. That to my knowledge, no employee or official of the District, nor any public agency or official affected by this Solicitation or the Agreement to be signed if I am the successful Offeror, has any pecuniary interest in the business of the Offeror's company or Offeror's sub-contractor(s), nor does Offeror or Offeror's sub-contractor(s) have any interest that would conflict in any manner or degree with the performance related to this Solicitation or Agreement.
4. I warrant that I and my sub-contractor(s), if any, have not employed or retained any company or person other than a bona fide employee working solely for the Offeror's company or sub-contractor(s) in order to solicit or secure an agreement with Rock Hill School District, as related to this Solicitation or any resulting Agreement, and that I and my sub-contractor(s), if any, have not paid or agreed to pay any person, company, corporation, individual, or firm other than a bona fide employee working solely for the Offeror's company or Offeror's sub-contractor(s) any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award of any Agreement.
5. I warrant and represent that my offer identifies and explains below any unfair competitive advantage I or my company or sub-contractor(s) may have in competing for the Agreement to result from this Solicitation and any actual or potential conflicts of interest that may arise from my participation in this Solicitation or my receipt of an award. I acknowledge that the District intends by this statement

to identify any and all potential conflicts of interest and unfair competitive advantages held by any Offeror, to prevent the existence of conflicting roles that might bias a consultant’s judgment, and prevent one Offeror or company from having an unfair competitive advantage over other Offerors. The District, in its sole discretion, has the authority and responsibility to determine whether or not a conflict of interest or unfair competitive advantage exists, after a review of the relevant facts. I acknowledge and understand that if I or my company has an unfair competitive advantage or a conflict of interest; the District may withhold the award of this Agreement. Before withholding award on these grounds, an Offeror will be notified of the concerns and provided a reasonable opportunity to respond. Efforts to avoid or mitigate such concerns, including restrictions on future activities, may be considered.

**List any Actual or Potential Conflicts of Interest below or check the box below to certify that none exists. Failure to fully disclose information may result in penalties and/or sanctions as outlined in #2 above.**

**Please check only one box below.**

- No known actual or potential Conflicts of Interest are subject to disclosure.**
- All identified actual or potential Conflicts of Interest and/or Unfair Competitive advantage(s) are stated below and submitted for further review by Rock Hill School District.**

6. I also warrant that should I become aware of any competitive advantage that my company or sub-contractor(s) have in responding to this Solicitation or providing services under an Agreement related to this Solicitation, I will immediately notify the District of the discovery of a possible competitive advantage. I understand and acknowledge that this obligation to inform the District of the discovery of a conflict of interest or competitive advantage is a continuing obligation and extends throughout the Term of the Agreement for this procurement.
  
7. By signing this statement, I certify for myself and on behalf of my company and any of my sub-contractor(s) that I have and will comply with, and have not, and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended (Ethics Act).
