

March 19, 2025

Dear Faculty, Staff, and members of the Rock Hill Community:

We are thrilled to be working with the Rock Hill Board of Trustees to help recruit your next superintendent of schools. An essential part of this is hearing directly from as many stakeholders as possible concerning what you believe to be essential skills and dispositions.

We have created a number of ways for you to be involved. These include in person meetings, virtual meetings, a Facebook Live Town Hall, and a tool called ThoughtExchange which will allow you to share your views efficiently and anonymously.

Please trust that every comment heard and read will be carefully considered. The attached calendar identifies the many opportunities for you to express your views.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Melendez".
