

# WHAT'S NEW AT THE VIEW

## Continuing to shine a light on the Amazing Things happening at Rock Hill Workforce Development & Adult Education Program

The Rock Hill Workforce Development & Adult Education Program is now able to support district Teaching Assistants in acquiring their ParaPro Credential.

Please be on the lookout for information regarding the orientation, coursework, and test-taking process later next month. The timing of this opportunity is dependent upon our acquisition of Federal funding, but we're planning for a successful rollout.

A Sign-Up Genius will be provided for schools to best schedule coverage and timing of participation.

All sessions will take place at the Adult Education Program Center located at Belleview School, in our Workforce Development Lab.

# WHAT'S NEW AT THE VIEW

SUPPORTING OUR STUDENTS EVERY STEP  
OF THE WAY...

We just opened our Clothing Closet / Food Pantry for our students to access.

The contributions will help our students as they prepare for the workforce, providing them with professional clothing, as well as food to support them as they work towards their future goals.

# WHAT'S NEW AT THE VIEW

On Wednesday, March 19th we had the privilege of presenting our Program at the Rock Hill Economic Development Committee at the monthly meeting. We discussed the intricate parts of our program, detailing who we work with, who our partners are, how we fund our program, etc.

# WHAT'S NEW AT THE VIEW

March was a super month of student success! We had many students make gains and had several ring that BELL as a Graduate! Now they are ready to SOAR...
