OUR SCHOOL DISTRICT STANDARDS

At Rock Hill Schools we strive to prepare our children for life after graduation. We reference the Profile of the South Carolina Graduate to guide the way.

The Profile of the South Carolina Graduate has been adopted and approved by the South Carolina Association of School Administrators (SCASA), the South Carolina Chamber of Commerce, the South Carolina Council on Competitiveness, the Education Oversight Committee (EOC), the State Board of Education (SBE), and the South Carolina Department of Education (SCDE) in an effort to identify the knowledge, skills, and characteristics a high school graduate should possess in order to be prepared for success as they enter college or pursue a career. The profile is intended to guide all that is done in support of college- and career-readiness.

SCHOOL OF CHOICE

WHAT ARE CHOICE PROGRAMS?

We are committed to providing quality instructional programs to promote world class knowledge and skills and build life and career characteristics in our students. The district's Choice programs are designed to create well-rounded students by challenging them with opportunities to help meet their needs, nurture their talents, interests and aptitudes and expose them to new experiences.

The district currently has seven Choice programs tied to a distinctive course of study. Each program seeks to develop engaging and meaningful opportunities for students at the elementary, middle, and high school levels. School choice programs foster parental involvement and high expectations, and give parents the opportunity to choose the school who will meet their child's needs.

Traditionally, children are assigned to a public school according to where they live. Our Choice programs allow families to select the program most suited for their child. All students who live within the Rock Hill Schools attendance zone are eligible to apply for Choice programs, and admission is based on successful completion of the application process as well as space availability and capacity. Once students are accepted, they enroll in the host school of the program. Transportation is provided for all Choice programs regardless of where a student resides within the district's attendance zone.
