DATE: August 19, 2020
SUBJECT: Recognitions for August 24th Board Meeting

A. New Administrator Introduction

Christopher Eaton, who has spent the past two years as a school counselor at Governors' Village STEM Academy in Charlotte-Mecklenburg Schools, has been named assistant principal at Oakdale STEAM Elementary School. At Governors' Village, Eaton served as the Positive Behavior and Intervention Supports (PBIS) leader and helped to reduce African American male suspensions by 67% in two years. He previously served as a lead school counselor at East Union Middle School in Union County (N.C.) Public Schools where he worked directly with the school's Multi-Tiered Systems of Support (MTSS) and the Response to Intervention (RtI) programs. Prior to relocating to the Carolinas, Eaton was a middle school math teacher in Prince George's County Public Schools in the Washington, D.C. area. His work in PGCS involved teaching STEM and middle level math in a school with a 100% free and reduced lunch population. His efforts helped to increase the end-of-year Pre-Algebra assessment scores by more than 75% in four years. He holds an undergraduate degree in communication from the University of Maryland Global Campus and a master's in urban education from Norfolk State University. He has completed post-graduate work in education leadership at the University of North Carolina Greensboro.

B. Trustee Earns Level Three of Boardmanship Institute

Windy Cole has earned recognition by the South Carolina School Boards Association (SCSBA) for achievement in the association's 2019–2020 Boardmanship Institute. SCSBA Boardmanship Institute, established in 1982, offers a year-round training curriculum to help board members develop skills and stay abreast of state and national education issues. Workshops focus on school law, advocacy and legislation, improving board operations, leadership for improving student achievement and other timely topics. Board members can achieve up to six levels of recognition by earning points that are accrued annually from July through June for participation in statewide conferences and training provided onsite in their district. Cole, who represents district five and is serving her first term on the school board, reached Level Three by earning 100 points within two consecutive years or less. Level Three recipients receive a certificate and gold pin. Statewide, SCSBA recognized 126 school board members for reaching one of six levels for the 2019–2020 year with certificates of achievement and a lapel pin designating their level of accomplishment in the institute.

C. Welcome Back to School Photo

Tonight, our Board of Trustees will participate in a coordinated effort by the South Carolina School Boards Association to affirm "we're all in this together". The 79 school boards across the state are taking photographs and sharing on district social media pages to welcome back students and staff. We invite you to follow us on Facebook, Twitter, and Instagram to see the pictures tonight.

VII. Report of the Superintendent

A. Announcements

Superintendent Cook made the following announcements:

- Students and families in Rock Hill Schools will have an additional choice option beginning this fall with the expansion of the district's virtual program. Previously available only to high school students, the RHS' Virtual Program will now offer full-time online instruction for students in 5K through 12th grade using devices and software provided by the school district. Teachers in the Virtual Program will provide face-to-face instruction via live-streaming and digital coursework through computers-based platforms. Unlike remote learning, which was implemented during the emergency shutdown last spring, students in the virtual program will follow a schedule just as they would in a traditional brick and mortar school. Thanks to technology, they will be able to see and hear dedicated teachers deliver standards-based content, ask questions, participate in classroom discussions and independent work, and turn in classwork and tests, all from the safety and comfort of their homes. Students will be taught by certified teachers who are focused on 100% virtual instruction throughout the day. At the secondary level, instructors will be verified subject area specialists. This week, our instruction team is hosting six online information sessions for parents interested in learning more about this opportunity. As of July 6, more than 1,500 families representing 2,525 students had registered for the information sessions which are offered virtually on Tuesday and Thursday at 10am, 5:30pm, and 7:15pm. To register for an information session, please visit bit.ly/RHSvirtual.
- Due to COVID-19 school closures, our school staff and other support staff have not had the opportunity to communicate and connect with each other since March 12. Since we lost our time to reflect, laugh together, share and plan, *Snack & Chat* is providing an opportunity for our team members to connect with peers and colleagues while offering RHSD staff opportunities to discuss and plan together, during a guided chat on a variety of relevant topics. Since beginning this effort, 166 employees have attended 73 one-hour sessions. The two most popular so far have been "Trauma & Anxiety: What will it look like for our students?" and "Loss of Normalcy." The facilitators of each session have been school psychologists and mental health providers, as well as NAMI staff, Winthrop University social work professors and Catawba mental health staff. We appreciate the investment each has made to guide the discussions for all participants.
- This month, a collaborative effort between our Instruction department and communications team has launched on our TV channel and social media pages. Summertime Super Stars features district teachers leading short and engaging lessons for elementary aged students in the areas of math, science, and English language arts. Each day (Monday – Thursday) we will release four new episodes on Facebook, YouTube, and channel 114 for Comporium cable subscribers in York County. On Fridays and during the weekend, episodes released during the week will be replayed. We invite parents to tune in and share this content with your children to keep them engaged in learning this summer.
- Each summer, school and district administrators join together for a multi-day professional development and planning workshop. Our team members will continue the tradition July 21-23. However, as we consider the health and safety of our team, this month we will conduct our Summer Leadership completely virtual.
- On June 8, the district began its four-day summer schedule. District and school offices will operate Monday through Thursday with hours of 7:30am to 5:30pm. All offices and schools will be closed on Fridays in July.

- We are looking forward to the new beginning that will come with the start of the 2020-2021 school year and invite families in our community to register for four-year-old kindergarten and kindergarten on our website. Beginning this week, all currently enrolled students in Pre-Kindergarten through 11th grade can begin to register for the new school year. To get started, visit www.rock-hill.k12.sc.us/enroll. Families have the option to upload or email residence verification documents and other application materials. On our website, you can learn more about our full day 4K programs, half-day programs, and tuition-based programs, as well as general information about the many unique learning opportunities for students.
- The Board of Trustees will continue to hold its regularly scheduled meetings as the pandemic looms. The School Board will next meet on Monday, August 10th. The meeting will be streamed on our website and available for viewing on-demand immediately following the broadcast. We invite our community to watch meetings and remain connected with our board processes during this time.

SECTION 2. Findings and Determinations. The Board hereby finds and determines:

(a) The School District was created under the provisions of Act No. 354 (1953 Acts), the name designated as “Rock Hill School District No. 3 of York County” pursuant to Act No. 296 (1985 Acts), and the number of trustees and manner of their election set pursuant to Act 470 (2000 Acts). The Board is the governing body of the School District.

(b) Article X, Section 15, of the Constitution of the State of South Carolina, 1895, as amended (the “Constitution”), provides that after November 30, 1982, the governing body of any school district may incur general obligation debt in an amount not exceeding eight percent (8%) of the assessed value of all taxable property of such school district and upon such terms and conditions as the General Assembly may prescribe.

(c) The Bond Act provides that the board of trustees of any school district may issue general obligation bonds of such school district for the purpose of defraying the cost of “capital improvements” (as defined therein) to any amount not exceeding the constitutional debt limitation applicable to such school district. The Bond Act requires that the county board of education wherein the school district is located, if there is such, approve the issuance of such general obligation bonds.

(d) Section 11-27-50(2) of the Bond Act further provides that if an election be prescribed by the provisions of the Bond Act but is not required by the provisions of Article X of the Constitution, then in every such instance, no election need be held and the remaining provisions of the Bond Act shall constitute a full and complete authorization to issue bonds in accordance with such remaining provisions. Section 11-27-90 of the S.C. Code further provides that any school district of the State may issue bonds in fully registered form.

(e) The School District’s Financial Advisor, Compass Municipal Advisors, LLC (“CMA”) has advised the School District that SCAGO has been formed to facilitate one or more pooled borrowing programs including a pooled general obligation debt program (the “SCAGO GO Program”) for school

districts in the State. Each participating school district in the SCAGO GO Program will have its general obligation debt ("GO Debt") sold together with GO Debt issued by the other participating school districts in order to achieve a lower net interest cost and lower issuance costs associated with its GO Debt. Pursuant to the terms of the SCAGO GO Program, SCAGO will cause the execution and delivery of the SCAGO Certificates pursuant to the SCAGO Trust Agreement.

(f) The School District previously has entered into the Acquisition Agreement, the proceeds of which were used to purchase certain equipment listed in Exhibit A to the Acquisition Agreement (the "Equipment"). Pursuant to the Acquisition Agreement, the School District is to make Acquisition Payments in exchange for which the School District will receive unencumbered title to an undivided interest in the Equipment.

(g) The assessed value of all taxable property in the School District, as of June 30, 2019, is \$484,657,205. Eight (8%) percent of such sum is \$38,772,576. The School District has no outstanding general obligation debt subject to the limitation imposed by Article X, Section 15(6) of the Constitution. Thus, the School District may incur \$38,772,576 of general obligation debt within its applicable constitutional debt limitation.

(h) Pursuant to a Resolution adopted by the Board on January 27, 2014, the School District adopted Written Procedures Related to Tax-Exempt Debt.

(i) It is in the best interest of the School District to participate in the SCAGO GO Program and to provide for the issuance and sale of the Bonds of the School District pursuant to the aforesaid provisions of the Constitution and laws of the State in the aggregate principal amount of not exceeding \$15,000,000 for the purposes of providing funds to pay Acquisition Payments, to defray the costs of capital improvements and upgrades as shall be determined by the Board in accordance with the School District's capital financing plan (the "Projects") and to pay costs of issuance of the Bonds.

SECTION 3. Authorization and Details of Bonds. Pursuant to the aforesaid provisions of the Constitution and laws of the State, there is hereby authorized to be issued not exceeding \$15,000,000 general obligation bonds of the School District to obtain funds for the purposes mentioned in Section 2(i) above, including any financial and legal fees relating thereto and other incidental costs of issuing the Bonds. The Bonds will be issued in one or more series, in one or more years, each with an appropriate series designation, and, if necessary, one or more of the series of Bonds may be designated as Taxable Bonds.

Each of the Bonds shall be issued as a single fully-registered bond; shall be dated as of the date on which each Bond is delivered to the initial purchaser thereof or such other date as the District Superintendent determines; shall be in denominations equal to the respective par amount of each Bond not exceeding \$15,000,000 in the aggregate; shall bear interest (calculated on the basis of a 360-day year comprising twelve 30-day months) from its respective date payable on the maturity date thereof, at the respective rate as may be determined by the District Superintendent at the time of the sale thereof; and shall mature on the respective date as determined by the District Superintendent.

Both the principal of and interest on the Bonds shall be payable in any coin or currency of the United States of America which is, at the time of payment, legal tender for public and private debts. The School District shall serve as the Registrar and Paying Agent for the Bonds.

SECTION 4. Redemption Provisions. The Bonds shall not be subject to redemption prior to their respective stated maturities.

SECTION 5. Delegation of Authority. For each series of Bonds, the District Superintendent is hereby authorized and empowered to: (a) determine the par amount of the Bonds; (b) determine the original issue date of the Bonds; (c) determine the respective maturity dates and respective principal amounts maturing on such dates; (d) determine the interest payment date and principal payment date if different from that set forth herein; (e) designate a Paying Agent and Registrar for the Bonds if different from that set forth herein; (f) determine the date and time of sale of the Bonds; (g) receive bids on behalf of the School District and award the sale of the Bonds in accordance with the terms of the Notice of Sale for the Bonds; and (h) execute all other agreements, certificates and documents as may be necessary or required in connection with the issuance of the Bonds.

SECTION 6. Authorization to Sell General Obligation Bonds outside the SCAGO GO Program. The Board hereby delegates to the District Superintendent the authority to cause any series of Bonds authorized herein to be sold and issued outside the SCAGO GO Program. The District Superintendent, upon advice from Bond Counsel, is hereby authorized to approve the forms of such documents as shall be necessary to issue any series of Bonds as a separate stand-alone Bond. The Chair, Vice Chair, District Superintendent or other authorized officials of the School District are hereby authorized to execute and delivery the documents as approved by the District Superintendent.

SECTION 7. Registration, Transfer and Exchange of Bonds. The School District shall cause the Books of Registry to be kept at the offices of the School District, as Registrar, for the registration and transfer of the Bonds. Upon presentation at its office for such purpose, the Registrar shall register or transfer, or cause to be registered or transferred, on such Books of Registry, the Bonds under such reasonable regulations as the Registrar may prescribe.

The Bonds shall be transferable only upon the Books of Registry of the School District, which shall be kept for such purpose at the principal office of the School District, as Registrar, by the registered owner thereof in person or by his duly authorized attorney upon surrender thereof together with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such Bond or Bonds, the School District, as Registrar, shall issue in the name of the transferee a new fully-registered Bond of the same aggregate principal amount, interest rate and maturity as the surrendered Bond. Any Bond surrendered in exchange for a new registered Bond pursuant to this Section shall be canceled by the Registrar.

SECTION 14. Federal Tax Covenants. The School District hereby covenants and agrees with the holders of the Tax-Exempt Bonds that it will not take any action which will, or fail to take any action which failure will, cause interest on the Tax-Exempt Bonds to become includable in the gross income of the bondholders thereof for federal income tax purposes pursuant to the provisions of the IRC and the regulations promulgated thereunder in effect on the date of original issuance of the Tax-Exempt Bonds and that no use of the proceeds of the Tax-Exempt Bonds shall be made which, if such use had been reasonably expected on the date of issue of the Tax-Exempt Bonds would have caused the Tax-Exempt Bonds to be "arbitrage bonds" as defined in the IRC and to that end the School District shall:

(a) comply with the applicable provisions of Section 103 and Sections 141 through 150 of the IRC so long as the Tax-Exempt Bonds are outstanding;

(b) establish such funds, make such calculations and pay such amounts, in the manner and at the times required in order to comply with the requirements of the IRC relating to required arbitrage rebates of certain amounts to the United States; and

(a) If default shall be made in the due and punctual payment of principal of or any interest on the Bonds, including failure to make when due a sinking fund payment under Section 13 of this Resolution; or

(b) If the School District shall default in the performance of any covenant, agreement or condition on its part to be performed under the Bonds or this Resolution other than a default in payment, and such default shall continue for a period of 30 days after written notice thereof is received by the School District.

SECTION 17. Remedies. The School District agrees that each of the following may be included as a remedy for an “Event of Default” under the SCAGO Trust Agreement:

(a) In any case of an Event of Default, the trustee under the SCAGO Trust Agreement may take such action or actions for the enforcement of the rights of the owners as due diligence, prudence and care would require and to pursue the same with like diligence, prudence and care, including commencement of an action for mandamus or other appropriate action to require the School District to comply with the terms of this Resolution.

(b) If the School District shall fail or refuse to make any required deposit on the relevant sinking fund payment date in order to make the transfer to its applicable Sinking Fund Account, the trustee under the SCAGO Trust Agreement, shall take such action as is necessary to invoke the provisions of Section 59-71-155 of the S.C. Code regarding transfers from the State general fund to make payments on bonded indebtedness of the State’s school districts; and upon being indemnified against cost and expense, exercise any remedy at law or in equity for the benefit of the owners of the SCAGO Certificates, and shall disburse all funds so collected to the holders of the SCAGO Certificates or assignee of the Bonds.

SECTION 18. SCAGO. The School District hereby authorizes SCAGO to facilitate the sale of the respective Bonds together with other GO Debt issued by other participating school districts in the SCAGO GO Program as determined by SCAGO.

SECTION 20. Discharge of Resolution. If the School District shall pay or cause to be paid, or there shall otherwise be paid, to the owner or owners of a SCAGO Certificate, the total principal and interest due or to become due thereon through maturity (as determined in accordance with the SCAGO Trust Agreement), in the manner stipulated therein and in this Resolution, then the pledge of the full faith, credit and taxing power of the School District under this Resolution, and all covenants, agreements and

other obligations of the School District hereunder, shall thereupon cease, terminate and become void and be discharged and satisfied with respect to the Bonds for which such payment was made.

SECTION 21. Continuing Disclosure. If applicable, the School District hereby covenants and agrees that it will comply with and carry out all of the provisions of a Continuing Disclosure Certificate. Notwithstanding any other provisions of this Resolution, failure of the School District to comply with a Continuing Disclosure Certificate shall not be considered an event of default, and no liability for damages shall attach therefor. The sole remedy for such failure to comply shall be that any bondholder may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the School District to comply with their obligations under this Section.

SECTION 22. Filings with Central Repository. In compliance with Section 11-1-85 of the S.C. As required, advertising contracts shall comply with the procurement process. In awarding the contracts, the Superintendent or his/her designee shall consider not only the amount of revenue generated by the contract, including sales incentives such as athletic department support and other extra-curricular program enhancements; but also student interest and employee, parents, and local community support. Advertisements shall not be permanently affixed to building structures and must meet uniform district standards established by the Superintendent.

Guidelines

Advertisement and promotional material cannot undermine or detract from the district's education mission. Advertisements may be placed in athletic facilities, performing arts facilities, and extracurricular program areas. Placement of advertisements should be limited to areas open to the general public. Advertisements may also be placed on the exterior of district-owned vehicles, as allowed by state statute or regulation.

Corporate involvement in the district's affairs must support and enhance the educational goals of the district.

The Superintendent will retain the authority at all times to review and evaluate any material, agreement, program or relationship with a corporate entity to ensure that they are consistent with the district's educational goals.

The Superintendent or his/her designee must approve all revenue generating contracts and will retain the authority and right to final approval of any and all agreements established with corporate and local business entities.

Policy

TITLE IX POLICY

Code JBAB Issued _____

The District, as required by Title IX of the Education amendments of 1972 and its corresponding regulations (“Title IX”), does not discriminate on the basis of sex in its education programs or activities. Title IX prohibits gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex even if those acts do not involve conduct of a sexual nature. The District prohibits discrimination and harassment on the basis of sex or gender in all of its programs and activities by its employees, students or third parties.

The District will respond promptly to actual knowledge of sexual harassment in an education program or activity of the District against a person in the United States in a manner that is not deliberately indifferent. The response will treat complainants and respondents equitably.

Any allegations of inappropriate conduct of a sexual nature that fall outside of this policy will be handled consistent with other applicable Board policies, including the Code of Conduct.

DEFINITIONS

Sexual Harassment

34 CFR § 106.30(a)

Sexual harassment is conduct on the basis of sex that satisfies one or more of the following:

- An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual’s participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district’s education program or activity; or
- “sexual assault” as defined in 20 USC 1092(f)(6)(A)(v), “dating violence” as defined in 34 USC 12291(a)(10), “domestic violence” as defined in 34 USC 12291(a)(8), or “stalking” as defined in 34 USC 12291(a)(30).

(Note: use of email, internet or other technologies may constitute “sexual harassment” on a similar basis to use of in-person, postal mail, handwritten or other communications)

Education program or activity

34 CFR § 106.44(a)

Includes any locations, events or circumstances over which the district exercised substantial control over both the alleged harasser (respondent) and the context in which the harassment occurred.

Consent

An active agreement to participate in sexual contact or penetration. An active agreement is words and/or conduct that communicates a person's willingness to participate in sexual contact or sexual penetration. Consent may not be given in some circumstances based upon incapacitation, force, coercion or age.

Formal complaint

34 CFR § 106.30(a)

A document filed by a complainant or signed by the Title IX coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment.

The factors that a Title IX coordinator may consider when determining whether to sign a complaint include, but are not limited to:

- Whether there have been other reports of sexual harassment or other relevant misconduct concerning the same Respondent
- Whether or not the incidents occurred while the Respondent was a District student or employee;
- Whether the Respondent threatened further sexual harassment or other misconduct against the Complainant or others;
- Whether the alleged sexual harassment was committed by multiple perpetrators;
- The nature and scope of the alleged sexual harassment including whether the sexual harassment was perpetrated with a weapon;
- The ages and roles of the Complainant and the Respondent;
- Whether the District can pursue the investigation without the participation of the Complainant (e.g., whether there are other available means to obtain relevant evidence of the alleged sexual harassment such as security cameras or physical evidence);
- Whether the report reveals a pattern of perpetration (e.g., perpetration involving illicit use of drugs or alcohol) at a given location or by a particular group.

Complainant

An individual who is alleged to be the victim of conduct that could constitute sexual harassment.

A parent or legal guardian who has the legal authority to act on behalf of his or her child may act

as the complainant and file a complaint on behalf of his or her child. 34 CFR § 106.6(g).

Respondent

An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Days

Any reference to days means a day on which the District is open.

Actual Knowledge

34 CFR § 106.30(a)

Actual knowledge of sexual harassment means notice of sexual harassment or allegations of sexual harassment to the District's Title IX coordinator or ***any*** District employee.

Burden of Proof

The District will use the preponderance of evidence standard to determine responsibility.

Role of Title IX Coordinator

34 CFR § 106.8(a)

The District administration will designate a Title IX coordinator. The Board authorizes the Title IX coordinator to coordinate the District's required efforts under the law.

The Title IX coordinator's name or title, email address, office address and telephone number will be posted on the District's website and will be included in any handbook provided to employees, students and parents or legal guardians.

Notice requirement

34 CFR § 106.8

In addition to providing notice of the Title IX coordinator's name and contact information, the administration will also provide notice of the District's nondiscrimination policy and grievance procedures, including how to file or report sexual harassment and how the District will respond to applicants for admission and employment, students, and parents or legal guardians.

Training

34 CFR § 106.45(b)

The District administration will ensure that Title IX coordinators, investigators, decision makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process, appeals, and informal resolution processes, and how to

serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The decision makers must also receive training on issues of relevance of questions and evidence. The investigators must also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. The administration will make training materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process publicly available on the District's website.

Reporting Allegations

34 CFR § 106.8(a)

Any person may report sex discrimination, including sexual harassment, regardless of whether the person is the alleged victim of the reported conduct, in person, by mail, by telephone, or by email.

The report can be made at any time, including during non-business hours, by using the telephone number or email address, or by mail to the office address, listed for the Title IX coordinator.

Supportive Measures

34 CFR § 106.30(a)

The Title IX Coordinator must promptly contact the complainant (alleged victim) to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain the process for filing a formal complaint.

Supportive measures are non-disciplinary, non-punitive, individualized services, offered as appropriate, as reasonably available, and without charge to a complainant or a respondent before or after the filing of a formal complaint, or where no formal complaint has been filed. Confidentiality of supportive measures must be maintained to the extent that maintaining confidentiality would not impair the ability of the District to provide the supportive measures. (Examples may include counseling, course modification, scheduling changes, mutual restrictions on contact between the parties, and increased monitoring or supervision).

The Title IX Coordinator's prompt response (to offer supportive measures) is required regardless of whether a formal complaint is filed.

Supportive measures offered should be documented.

Response to a Formal Complaint

34 CFR § 106.45(b)(1)

The District's grievance process will:

- Treat parties equitably.
- Require an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence.

- Require that any person designated as a Title IX coordinator, investigator, decision-maker, or any person designated to facilitate an informal process not have a conflict of interest against complainants or respondents generally or against the particular complainant and respondent. The District will ensure required training is provided to these individuals.
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination has been made at the conclusion of the grievance process.
- Include reasonably prompt time frames for conclusion of the grievance process.
- Describe or list the possible disciplinary outcomes and remedies that may be implemented following a determination of responsibility. **(See Student Code of Conduct JICDA and Staff Code of Conduct GBEB)**
- Include the procedures and permissible reasons for appeal by a respondent or a complainant.
- Describe the range of supportive measures available to complainants and respondents.
- Not require, allow or use evidence or questions that constitute or seek legally privileged information, unless the privilege is waived.

Written Notice

34 CFR § 106.45(b)(2)

Upon receipt of a formal complaint, the District must provide written notice to all known parties in sufficient time to give the respondent time to prepare a response before an initial interview. Written notice must include:

- Notice of grievance process, including any informal resolution process;
- Notice of the allegations, including sufficient detail (i.e., names of known parties, the conduct alleged to be sexual harassment, and the date and location of the alleged conduct, if known) to allow the respondent to prepare a response;
- Statement that the respondent is presumed not responsible for the conduct and that responsibility will be determined at the conclusion of the grievance process;
- Notice of the parties' right to have an advisor (who may be, but is not required to be, an attorney) and to inspect and review evidence; and
- Notice of any provision in the code of conduct that prohibits knowingly making false statements or providing false information in the grievance process.

Dismissal of Complaint

34 CFR § 106.45(b)(3)

The District administration will investigate the allegations in a formal complaint.

The complaint ***must*** be dismissed if the allegations:

- would not constitute sexual harassment as defined in § 106.30, even if proved;
- did not occur in the district's education program or activity; or

- did not occur against a person in the United States.

The complaint *may* be dismissed:

- if the complainant notifies the Title IX coordinator in writing at any time that he or she wishes to withdraw the complaint or any allegations in it;
- if the respondent's enrollment or employment ends, or;
- if specific circumstances prevent the District from gathering evidence sufficient to reach a determination.

The District will promptly send written notice of dismissal and reasons for dismissal simultaneously to parties. Such a dismissal does not preclude action under other provisions of the District's code of conduct.

Investigation Process

34 CFR § 106.45(b)(5)

When investigating a complaint, the investigator will:

- Ensure that the burden of proof and of gathering evidence rests on the District rather than the parties, except that certain treatment records cannot be obtained without voluntary, written consent from the party or parent;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations or gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during interviews or other related proceedings, including an advisor who may, but is not required to be, an attorney (the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties);
- Provide to a party who is invited or expected to attend, written notice of the date, time, participants, purpose and location of any investigative interview or other meeting with enough time to allow the party to prepare to participate;
- Provide both parties and advisors, if any, an equal opportunity to review all evidence that is directly related to the allegations in the formal complaint, including evidence on which the District does not intend to rely and any inculpatory or exculpatory evidence from any source; such evidence must be provided prior to the completion of the final investigation and in time to give the parties at least 10 days to prepare a written response, which the investigator must consider prior to completing the investigation report; and
- Prepare a written investigation report that fairly summarizes the relevant evidence and provide the report to the parties and their advisors, if any, at least 10 days before the decision maker makes a determination of responsibility.

Determination of responsibility by decision maker

34 CFR § 106.45(b)(7)

After the investigator has sent the investigative report to the parties, and before a determination has been made regarding responsibility, the decision maker will:

- Provide each party 10 days to respond to the investigative report and the opportunity to submit written, relevant questions that the party wants asked of another party or witness;
- Provide each party with the answers to written questions; and
- Provide for limited follow-up questions from each party.

The decision maker, who cannot be the investigator or the Title IX coordinator, will apply the District's preponderance of the evidence standard and issue a written determination of responsibility that:

- Identifies the allegations that potentially constitute sexual harassment;
- Describes the District's procedural steps taken from the receipt of the complaint through the determination;
- Includes findings of fact supporting the determination;
- Includes conclusions regarding the application of the District's code of conduct to the facts;
- Includes a statement of, and a rationale for, the result as to each allegation, including a determination of responsibility, any disciplinary sanctions, and whether remedies to restore or preserve equal access to the District's education program or activity will be provided to the complainant; and
- Includes procedures and permissible bases for the complainant and respondent to appeal. The written determination must be provided to the parties simultaneously.
- Explains to the other party proposing the questions any decision to exclude a question as not relevant.

Appeals Process

34 CFR § 106.45(b)(8)

Within 10 days of receipt of the determination, either party may appeal a determination of responsibility, or the District's dismissal of a formal complaint or any allegations therein, for the following reasons:

- A procedural irregularity that affected the outcome;
- New evidence that was not reasonably available at the time of determination and could affect the outcome; or
- Conflict of interest on the part of the Title IX coordinator, investigator, or decision maker that affected the outcome.

For all appeals, the District will provide written notice to both parties of the appeal and provide both parties an equal opportunity to submit a written statement in support of, or challenging, the determination. The parties will have five days to provide their written response.

The appeal must result in a written decision that must be provided to both parties simultaneously.

The decision maker for the appeal cannot be the same person as the decision maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX coordinator; cannot have a conflict of interest; and must receive training (outlined in 34 CFR § 106.45(b)(1)(iii))

Informal Resolution

34 CFR § 106.45(b)(9)

The District cannot offer to facilitate an informal resolution process unless a formal complaint of sexual harassment is filed.

At any point during the formal complaint process, the District may offer to facilitate an informal process that does not require a full investigation, provided both parties are given the required notice of rights, and they consent. This process cannot be used in the context of a complaint that an employee harassed a student. Additionally, at any point prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process.

Emergency removal/administrative leave

34 CFR § 106.44

In cases in which an employee is a respondent, the District may place that employee on administrative leave during the pendency of an investigation and grievance process.

In cases in which a student is a respondent, the District may remove, on an emergency basis, the respondent from the District's educational program or activity provided the District: (i) undertakes an individualized safety and risk analysis and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal and (ii) provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision does not modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Recordkeeping

34 CFR § 106.45(b)(10)

The District will maintain records related to this policy for seven years. Specifically, the District will maintain records pertaining to: (i) each investigation and determination; (ii) any disciplinary sanctions imposed on respondent; (iii) any remedies provided to the complainant; (iv) any appeal and the result thereof; (v) any informal resolution and result; (vi) any materials used to train Title IX coordinators, investigators, decision makers, and any person who facilitates an informal resolution process.

The District shall also create and maintain records related to any action or supportive measures

taken in response to a report or complaint of sexual harassment. The records shall document the basis for the District's conclusion that its response was not deliberately indifferent and document that it has taken measures designed to restore or preserve equal access to the District's educational programs or activities. If no supportive measures are provided, the District shall document why such a response was not clearly unreasonable.

Retaliation

34 CFR § 106.71

Neither the District nor any other person may intimidate, threaten, coerce or discriminate against any individual for the purpose of interfering with any right or privilege under Title IX or because the individual made a report, a complaint, testified, assisted, participated in, or refused to participate in any manner in an investigation or proceeding under this policy.

The District shall keep confidential the identity of any individual who made a report or complaint of sexual discrimination or sexual harassment, any complainant, any individual reported as a perpetrator, any respondent and any witness except as permitted under FERPA or as required to carry out the purposes of this policy and its procedures thereunder.

Charging someone with making a materially false statement in bad faith, does not amount to retaliation, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Timeline for process

The grievance process will be completed within one hundred and twenty (120) days. Temporary delays and/or extensions of the time frames within this Policy may occur for good cause. Written notice will be provided to the parties of the delay and/or extension of the time frames with explanation of the reasons for such action. Examples of good cause for delay/extensions include, but are not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

- did not occur against a person in the United States.

The complaint *may* be dismissed:

- if the complainant notifies the Title IX coordinator in writing at any time that he or she wishes to withdraw the complaint or any allegations in it;
- if the respondent's enrollment or employment ends, or;
- if specific circumstances prevent the District from gathering evidence sufficient to reach a determination.

The District will promptly send written notice of dismissal and reasons for dismissal simultaneously to parties. Such a dismissal does not preclude action under other provisions of the District's code of conduct.

Investigation Process

34 CFR § 106.45(b)(5)

When investigating a complaint, the investigator will:

- Ensure that the burden of proof and of gathering evidence rests on the District rather than the parties, except that certain treatment records cannot be obtained without voluntary, written consent from the party or parent;
- Provide an equal opportunity for the parties to present witnesses and evidence;
- Not restrict either party's ability to discuss the allegations or gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during interviews or other related proceedings, including an advisor who may, but is not required to be, an attorney (the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties);
- Provide to a party who is invited or expected to attend, written notice of the date, time, participants, purpose and location of any investigative interview or other meeting with enough time to allow the party to prepare to participate;
- Provide both parties and advisors, if any, an equal opportunity to review all evidence that is directly related to the allegations in the formal complaint, including evidence on which the District does not intend to rely and any inculpatory or exculpatory evidence from any source; such evidence must be provided prior to the completion of the final investigation and in time to give the parties at least 10 days to prepare a written response, which the investigator must consider prior to completing the investigation report; and
- Prepare a written investigation report that fairly summarizes the relevant evidence and provide the report to the parties and their advisors, if any, at least 10 days before the decision maker makes a determination of responsibility.

Determination of responsibility by decision maker

34 CFR § 106.45(b)(7)

After the investigator has sent the investigative report to the parties, and before a determination has been made regarding responsibility, the decision maker will:

- Provide each party 10 days to respond to the investigative report and the opportunity to submit written, relevant questions that the party wants asked of another party or witness;
- Provide each party with the answers to written questions; and
- Provide for limited follow-up questions from each party.

The decision maker, who cannot be the investigator or the Title IX coordinator, will apply the District's preponderance of the evidence standard and issue a written determination of responsibility that:

- Identifies the allegations that potentially constitute sexual harassment;
- Describes the District's procedural steps taken from the receipt of the complaint through the determination;
- Includes findings of fact supporting the determination;
- Includes conclusions regarding the application of the District's code of conduct to the facts;
- Includes a statement of, and a rationale for, the result as to each allegation, including a determination of responsibility, any disciplinary sanctions, and whether remedies to restore or preserve equal access to the District's education program or activity will be provided to the complainant; and
- Includes procedures and permissible bases for the complainant and respondent to appeal. The written determination must be provided to the parties simultaneously.
- Explains to the other party proposing the questions any decision to exclude a question as not relevant.

Appeals Process

34 CFR § 106.45(b)(8)

Within 10 days of receipt of the determination, either party may appeal a determination of responsibility, or the District's dismissal of a formal complaint or any allegations therein, for the following reasons:

- A procedural irregularity that affected the outcome;
- New evidence that was not reasonably available at the time of determination and could affect the outcome; or
- Conflict of interest on the part of the Title IX coordinator, investigator, or decision maker that affected the outcome.

For all appeals, the District will provide written notice to both parties of the appeal and provide both parties an equal opportunity to submit a written statement in support of, or challenging, the determination. The parties will have five days to provide their written response.

The appeal must result in a written decision that must be provided to both parties simultaneously.

The decision maker for the appeal cannot be the same person as the decision maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX coordinator; cannot have a conflict of interest; and must receive training (outlined in 34 CFR § 106.45(b)(1)(iii))

Informal Resolution

34 CFR § 106.45(b)(9)

The District cannot offer to facilitate an informal resolution process unless a formal complaint of sexual harassment is filed.

At any point during the formal complaint process, the District may offer to facilitate an informal process that does not require a full investigation, provided both parties are given the required notice of rights, and they consent. This process cannot be used in the context of a complaint that an employee harassed a student. Additionally, at any point prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process.

Emergency removal/administrative leave

34 CFR § 106.44

In cases in which an employee is a respondent, the District may place that employee on administrative leave during the pendency of an investigation and grievance process.

In cases in which a student is a respondent, the District may remove, on an emergency basis, the respondent from the District's educational program or activity provided the District: (i) undertakes an individualized safety and risk analysis and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal and (ii) provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision does not modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Recordkeeping

34 CFR § 106.45(b)(10)

The District will maintain records related to this policy for seven years. Specifically, the District will maintain records pertaining to: (i) each investigation and determination; (ii) any disciplinary sanctions imposed on respondent; (iii) any remedies provided to the complainant; (iv) any appeal and the result thereof; (v) any informal resolution and result; (vi) any materials used to train Title IX coordinators, investigators, decision makers, and any person who facilitates an informal resolution process.

The District shall also create and maintain records related to any action or supportive measures

taken in response to a report or complaint of sexual harassment. The records shall document the basis for the District's conclusion that its response was not deliberately indifferent and document that it has taken measures designed to restore or preserve equal access to the District's educational programs or activities. If no supportive measures are provided, the District shall document why such a response was not clearly unreasonable.

Retaliation

34 CFR § 106.71

Neither the District nor any other person may intimidate, threaten, coerce or discriminate against any individual for the purpose of interfering with any right or privilege under Title IX or because the individual made a report, a complaint, testified, assisted, participated in, or refused to participate in any manner in an investigation or proceeding under this policy.

The District shall keep confidential the identity of any individual who made a report or complaint of sexual discrimination or sexual harassment, any complainant, any individual reported as a perpetrator, any respondent and any witness except as permitted under FERPA or as required to carry out the purposes of this policy and its procedures thereunder.

Charging someone with making a materially false statement in bad faith, does not amount to retaliation, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Timeline for process

The grievance process will be completed within one hundred and twenty (120) days. Temporary delays and/or extensions of the time frames within this Policy may occur for good cause. Written notice will be provided to the parties of the delay and/or extension of the time frames with explanation of the reasons for such action. Examples of good cause for delay/extensions include, but are not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

DATE: August 20, 2020

SUBJECT: Policy ADD—Face Coverings/Masks

Attached, please find the model policy ADD—Face Coverings/Masks as recommended by the South Carolina School Boards Association. This policy is meant to be temporary and based on guidelines referenced in documentation provided by the Center for Disease Control and Prevention (CDC) to address safety in planning to reopen schools and address behaviors that prevent the spread of COVID-19. As well, the *South Carolina Department of Education Face Covering Guidelines for K-12 Public Schools* provides guidance on face coverings and masks. In collaboration with Dr. John Jones, Dr. Missy Brakefield, Mrs. Jennifer Morrison, Mrs. Sadie Kirell, and Mrs. Sally Wilson, we are providing a proposed policy composed of some revisions to the model policy to better address the needs of Rock Hill School District. Please find attached policy ADD—Face Coverings/Masks as the proposed policy for consideration.

In addition, the Rock Hill City Ordinance on Face Coverings is included along with an email statement from Attorney Paul Dillingham summarizing the intent of the Ordinance being for commercial type business sites only. The Ordinance was not meant for schools, churches, private offices, government offices, etc.

Included with this memo are two articles from the CDC on *Guidance for K-12 School Administrators on the Use of Cloth Face Coverings in Schools* <https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/cloth-face-cover.html> and *Considerations for Wearing Masks* <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover-guidance.html>. The *South Carolina Department of Education Face Covering Guidelines for K-12 Public Schools* document is also included as reference material.

FACE COVERINGS/MASKS

Code **ADD** Issued **Proposed/8-20-20**

To reduce the spread of the pandemic (COVID-19), the Centers for Disease Control (CDC) recommends that a face covering/**mask** be worn in public settings when other social distancing measures are difficult to maintain. ~~The district will consider the circumstances in the community and consult local health officials for the implementation of this policy.~~ **In consideration of this guidance and in pursuance of the ultimate goal of returning to and maintaining full five-day face to face instruction, Rock Hill Schools will require all persons to wear a face covering/mask at all times while inside district buildings or on district transportation.**

Definition

A *face covering/mask* is a piece of fabric, cloth, or other material that covers the wearer's nose, mouth, and chin simultaneously and is secured to the wearer's face by elastic, ties, or other means. Acceptable face coverings/**masks** may be homemade, and they may be reusable or disposable.

Mask with one-way valves or vents will not be allowed based on CDC recommendations.

~~A face shield made of flexible plastic that wraps around the wearer's face and extends below his/her chin may also be used as a face covering.~~

Staff Members

Staff members (~~option: may~~/will) wear a face covering/**mask** while on district property or conducting business on behalf of the district (e.g. driving a bus, conducting a home visit, supervising athletic events, etc.). Staff members include, but are not limited to, salaried and hourly employees, school volunteers, student teachers, and interns. The district (~~option: may~~/will) provide masks to staff members and expects that reusable masks will be washed regularly to ensure maximum protection.

Students

All students (~~option: from Kindergarten~~ **K-4 Pre-K through 12th grade**) (~~option: may~~/will) wear face covering/**masks** while on district property, on district transportation, or attending a school related activity (e.g. athletic events, **field trips**, etc.). ~~Certain classes or activities may be granted a limited exception to this requirement at the discretion of the superintendent or his/her designee.~~ The district (~~option: may~~/will) provide masks to students **that who are not able to provide their own** and expects that reusable masks will be washed regularly to ensure maximum protection.

By adopting this policy, the Rock Hill Schools Board of Trustees expresses its intent that all persons wear a face covering/mask at all times, while inside district buildings or on district transportation. However, for practical purposes face coverings/masks may be removed on a limited basis for ~~Exceptions for wearing a face covering/mask may include, but are not limited to,~~ the following activities:

- Mealtimes
- Outdoor recess where students can maintain a physical distance of at least six (6) feet
- Administration of medication
- ~~mask breaks provided only when students are sitting at their desk and socially distance six (6) feet apart in the classroom~~

PAGE 2 - ADD - FACE COVERING

- ~~Any mask breaks will be determined by the school administration with guidance from the district following CDC and DHEC recommendations.~~
- Mask breaks will be scheduled by school-level administration using guidance provided by district-level administration following CDC and SCDHEC recommendations.
- Children younger than 2 years old
- Anyone who has trouble breathing due to a medical emergency
- Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance

Visitors

~~Non-essential visitors~~ Visitors to district buildings will be limited in accordance with administrative rule KI-R, *Visitors* and recommendations provided by the South Carolina Department of Health and Environmental Control (SCDHEC) and the Center for Disease Control and Prevention (CDC). Visitors include, but are not limited to, parents/legal guardians, contract service providers, and delivery persons. Visitors ~~(option: may/will)~~ wear a face covering/mask while on district property. ~~(option: Visitors will be asked to leave district property if they refuse to wear a face covering/mask).~~ All efforts will be made to keep necessary visitors to a minimum, including the use of virtual or telephone meetings with families and guests. Parents meeting on-site with school staff must follow social-distancing guidelines and wear masks when appropriate.

Accommodations

~~Requests for exceptions under this policy for health or developmental conditions or religious exemption will be considered by the superintendent or his/her designee, who may request documentation justifying the exception.~~

Students (or parents/legal guardians) who request to be exempted from wearing a face covering/mask ~~for other than a health or developmental condition or religious exemption will may~~ be offered virtual learning remote or virtual learning for the period that face coverings/masks are required on district property. Students (or parents/legal guardians) must petition the school's principal in writing for this exemption and provide supporting rationale for this request. Requests will be reviewed on a case-by-case basis.

~~Remote learning is where the student and the educator, or information source, are not physically present in a traditional classroom environment. Information is relayed through technology or other methods. In remote learning, student attendance will be monitored for daily compliance with all State laws and district policies.~~

Harassment and Bullying

The district will not tolerate harassment of anyone wearing face coverings/masks or those with recognized exemptions to the face covering/mask requirement and will appropriately discipline students, staff, or visitors who engage in behavior that interferes with any student or staff member's ability to comply with this policy.

Discipline

Failure or refusal to wear a face covering/mask by a staff member or student may result in discipline in accordance with district policy and codes of conduct, as applicable.

This policy is intended to be effective until further notice and to align with district policies, including, but not limited to, student and staff dress codes. To the extent this policy does not align, this policy will supersede others in accordance with applicable law and regulations in effect at the

SCSBA

time. For clarification on potential conflicts between policies, the interpretation of the superintendent or his/her designee is final.

The board authorizes the superintendent or his/her designee to amend these requirements as necessary to meet health and safety guidelines.

Guidance for K-12 School Administrators on the Use of Cloth Face Coverings in Schools

<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/cloth-face-cover.html>

Updated July 23, 2020

CDC suggests that all school reopening plans address adherence to behaviors that prevent the spread of COVID-19. When used consistently and correctly, important [mitigation strategies](#), cloth face coverings are important to help slow the spread of COVID-19. Other important mitigation strategies include [social distancing](#), [washing hands](#), and [regular cleaning and disinfecting](#) frequently touched surfaces in schools and buses. CDC provides [considerations](#) for wearing cloth face [coverings](#) and recommends that people wear cloth face coverings in public settings and when around people who live outside of their household. The use of cloth face coverings is especially important when [social distancing](#) is difficult to maintain.

Cloth face coverings are recommended as a simple barrier to help prevent respiratory droplets from traveling into the air and onto other people when the person wearing the cloth face covering coughs, sneezes, talks, or raises their voice. Cloth face coverings are an example of source control. Several studies¹⁻¹³ have documented asymptomatic and pre-symptomatic SARS-CoV-2 transmission; meaning that people with COVID-19 who never develop symptoms (asymptomatic) and those who are not yet showing symptoms (pre-symptomatic) can still transmit the virus to other people. [Cloth face coverings](#) are meant to protect other people in case the wearer is unknowingly infected. Cloth face coverings are not personal protective equipment, such as surgical masks or respirators.

The use of [cloth face coverings](#) in educational settings may present challenges, particularly for younger students and students with special healthcare or educational needs. This document provides guidance to help school administrators decide how to best implement the wearing of cloth face coverings — in their school settings and facilities, including but not limited to buses and other shared transportation.

Education and promotion of positive and supportive relationships should remain the primary focus of school administrators, teachers, and staff. This guidance provides K-12 school administrators with strategies to encourage students to wear face coverings, consistent with CDC [guidance](#), while maintaining a positive learning environment.

General Considerations

COVID-19 can be spread to others even if you do not feel sick. A [cloth face covering](#) helps prevent a person who is sick from spreading the virus to others. Appropriate and consistent use [of cloth face coverings](#) is most important when students, teachers, and staff are indoors and when social distancing of at least 6 feet is difficult to implement or maintain.

[Cloth face coverings](#) should **not** be placed on:

- Children younger than 2 years old.
- Anyone who has trouble breathing or is unconscious.
- Anyone who is incapacitated or otherwise unable to remove the cloth face covering without assistance.

[Appropriate and consistent use](#) of cloth face coverings may be challenging for some students, teachers, and staff, including:

- Younger students, such as those in early elementary school.
- Students, teachers, and staff with severe asthma or other breathing difficulties.
- Students, teachers, and staff with special educational or healthcare needs, including intellectual and developmental disabilities, mental health conditions, and sensory concerns or tactile sensitivity.

While [cloth face coverings](#) are strongly encouraged to reduce the spread of COVID-19, CDC recognizes there are specific instances when wearing a cloth face covering may not be feasible. In these instances, parents, guardians, caregivers, teachers, and school administrators should consider [adaptations and alternatives](#) whenever possible. They may need to consult with healthcare providers for advice about wearing cloth face coverings.

Consider use of clear face coverings that cover the nose and wrap securely around the face by some teachers and staff. Clear face coverings should be determined not to cause any breathing difficulties or over heating for the wearer. Teachers and staff who may consider using clear face coverings include;

- Those who interact with students or staff who are deaf or hard of hearing, per the [Individuals with Disabilities Education Act](#)[external icon](#)
- Teachers of young students learning to read

- Teachers of students in English as a second language classes
- Teachers of students with disabilities

Clear face coverings are not face shields. CDC does **not** recommend use of face shields for normal everyday activities or as a substitute for cloth face coverings because of a lack of evidence of their effectiveness for source control.

Unintended Consequences

- [Stigma, discrimination](#), or [bullying](#) may arise due to wearing or not wearing a cloth face covering. Schools should have a plan to prevent and address [harmful or inappropriate](#)
- Not all families will agree with school policies about cloth face coverings. Schools should have a plan to address challenges that may arise and refer parents, caregivers, and guardians to [CDC's guidance on cloth face coverings](#).

Practical Recommendations

- Include cloth face coverings on school supply lists and provide cloth face coverings as needed to students, teachers, staff, or visitors who do not have them available.
- Include clear face coverings on school supply lists for teachers and staff who regularly interact with students who are deaf or hard of hearing, students learning to read, students with disabilities, and those who rely on lip reading as a part of learning, such as students who are English Language Learners.
- Ensure that students and staff are aware of the [correct use of cloth face coverings](#), including wearing cloth face coverings over the nose and mouth and securely around the face.
- Ensure that students, teachers and staff are aware that they should [wash](#) or [sanitize their hands \(using a hand sanitizer that contains at least 60% alcohol\)](#) before putting on a cloth face covering.
- Ensure that students, teachers, and staff are aware that they should not touch their cloth face coverings while wearing them and, if they do, they should [wash their hands](#) before and after with soap and water or [sanitize hands \(using a hand sanitizer that contains at least 60% alcohol\)](#).
- Ensure teachers and staff are aware that they should [wash](#) or [sanitize hands \(using a hand sanitizer that contains at least 60% alcohol\)](#) before and after helping a student put on or adjust a cloth face covering.

- Ensure that all students and staff are aware that cloth face coverings should not be worn if they are wet. A wet cloth face covering may make it difficult to breathe.
- Ensure that all students and staff are aware that they should never share or swap cloth face coverings.
- Students' cloth face coverings should be clearly identified with their names or initials, to avoid confusion or swapping. Students' face coverings may also be labeled to indicate top/bottom and front/back.
- Cloth face coverings should be stored in a space designated for each student that is separate from others when not being worn (e.g., in individually labeled containers or bags, personal lockers, or cubbies).
- Cloth face coverings should be [washed](#) after every day of use and/or before being used again, or if visibly soiled.
- Students and schools should consider having additional cloth face coverings available for students, teachers, and staff in case a back-up cloth face covering is needed during the day and to facilitate every day washing of cloth face coverings.

Additional Considerations for the Use of Cloth Face Coverings among K-12 Students

CDC [recommends](#) that people, including teachers, staff, and students, wear cloth face coverings in public settings as able when around people who live outside of their household, especially when other [social distancing](#) measures are difficult to maintain.

The following table contains examples of some, **but not all**, situations schools might encounter.

Strategies to Support Students' Wearing Cloth Face Coverings in Schools

All Students

- Encourage parents, caregivers, and guardians to practice wearing cloth face coverings with students at home before the first day of school. If parents, caregivers, and guardians model appropriate use of face coverings and help students get used to wearing them, students may be more comfortable using them.
- Introduce students with sensory concerns/tactile sensitivities to face coverings with a variety of materials, prints, and textures, and allow them to choose which face covering is most comfortable.
- Use behavioral techniques such as positive reinforcement to increase the likelihood that students will comply with face covering guidance and other prevention practices.
- Encourage parents, caregivers, and guardians to include students in the selection of their cloth face covering and/or the material that is used to make it. This might increase a child's acceptance of wearing the cloth face covering.
- Display age appropriate posters and materials with visual cues that show the proper way to wear a face covering in classrooms and hallways. Consider incorporating images of popular influencers promoting or modeling use of cloth face coverings.
- Include reminders about face coverings in daily announcements, school newspapers, and other [All communication should be in an appropriate format, literacy level, and language](#). Consider including how to [properly use, take off, and wash cloth face coverings](#) in back-to-school communications educational materials.

Elementary School Settings

- Ensure that teachers and school staff are available to help students put on and adjust face coverings as needed and that teachers and staff [wash](#) or sanitize their hands with [hand sanitizer that includes at least 60%](#) alcohol before and after doing so.

- Play games or engage in other fun activities that teach students how to wear a face covering.
- Consider using some art materials or other creative outlets to help students understand why face coverings help reduce the spread of COVID-19.
- Share social stories about face coverings with students so they know what to expect at school. A social story is similar to a simple picture book that teaches students what to expect in social settings.
- Use behavioral techniques, such as positive reinforcement, to increase the likelihood that students will comply with face covering guidance.

Middle School Settings

- Show [short videos](#) or incorporate short lessons (less than 10 minutes) that teach students how to wear a face covering. Consider including videos with celebrities, musicians, athletes or other influencers popular among this age group.
- Follow videos with verbal instructions that demonstrate the correct ways to wear a face covering.
- Engage the class in discussions about why face coverings help reduce the spread of COVID-19.
- Incorporate a lesson into the science curriculum on how respiratory droplets spread infectious disease.
- Create a school competition for the best health communication strategy to highlight the importance of wearing a cloth face covering to middle school students.

High School Settings

- Show videos or incorporate lessons that teach students how to wear a face covering, including the correct and incorrect ways to wear a face covering. Consider including videos with celebrities, musicians, athletes, or other influencers popular among this age group.
- Ask students to write a short paper on the science behind the use of cloth face coverings as a form of source control.
- Create a school competition for the best health communication strategy to highlight the importance of wearing cloth face coverings to high school students.

Students with Special Healthcare Needs

- Ask parents, caregivers, and guardians to practice wearing face coverings at home before the student returns to school.

- Share social stories about face coverings with students so they know what to expect at school. A social story is similar to a simple picture book that teaches students about what to expect in social settings.
- Introduce students with sensory concerns or tactile sensitivities to face coverings with a variety of materials, prints, and textures, and allow them to choose which face covering is most comfortable.
- Use behavioral techniques such as positive reinforcement to increase the likelihood that students will comply with face covering guidance and other prevention practices.

- CDC recommends that people wear masks in public settings and when around people who don't live in your household, especially when other [social distancing](#) measures are difficult to maintain.
 - Masks may help prevent people who have COVID-19 from spreading the virus to others.
 - Masks are most likely to reduce the spread of COVID-19 when they are widely used by people in public settings.
 - Masks should NOT be worn by children under the age of 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

Evidence for Effectiveness of Masks

Masks are recommended as a simple barrier to help prevent respiratory droplets from traveling into the air and onto other people when the person wearing the mask coughs, sneezes, talks, or raises their voice. This is called source control. This recommendation is based on what we know about the role respiratory droplets play in the spread of the virus that causes COVID-19, paired with [emerging evidence](#) from clinical and laboratory studies that shows masks reduce the spray of droplets when worn over the nose and mouth. COVID-19 spreads mainly among people who are in close contact with one another (within about 6 feet), so the use of masks is particularly important in settings where people are close to each other or where social distancing is difficult to maintain.

Who Should Wear A Mask?

General public

- CDC recommends all people 2 years of age and older wear a mask in public settings and when around people who don't live in your household, especially when other [social distancing](#) measures are difficult to maintain.
- COVID-19 can be spread by people who do not have symptoms and do not know that they are infected. That's why it's important for everyone to wear masks in public settings and practice [social distancing](#) (staying at least 6 feet away from other people).
- While masks are strongly encouraged to reduce the spread of COVID-19, CDC recognizes there are specific instances when wearing a mask may not be feasible. In these instances, [adaptations and alternatives](#) should be considered whenever possible (see below for examples).

People who know or think they might have COVID-19

- [If you are sick](#) with COVID-19 or think you might have COVID-19, do not visit public areas. Stay home except to get medical care. As much as possible stay in a specific room and away from other people and [pets](#) in your home. If you need to be around other people or animals, wear a mask (including in your home).
- The mask helps prevent a person who is sick from spreading the virus to others. It helps keep respiratory droplets contained and from reaching other people.

Caregivers of people with COVID-19

- [Those caring for someone who is sick with COVID-19 at home or in a non-healthcare setting](#) may also wear a mask. However, the protective effects—how well the mask protects healthy people from breathing in the virus—are unknown. To prevent getting sick, caregivers should also continue to practice [everyday preventive actions](#): avoid close contact as much as possible, clean hands often; avoid touching your eyes, nose, and mouth with unwashed hands; and frequently clean and disinfect surfaces.

Who Should Not Wear a Mask

Masks should **not** be worn by:

- Children younger than 2 years old
- Anyone who has trouble breathing
- Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance

Feasibility and Adaptations

CDC recognizes that wearing masks may not be possible in every situation or for some people. In some situations, wearing a mask may exacerbate a physical or mental health condition, lead to a medical emergency, or introduce significant safety concerns. Adaptations and alternatives should be considered whenever possible to increase the feasibility of wearing a mask or to reduce the risk of COVID-19 spreading if it is not possible to wear one.

For example,

- People who are deaf or hard of hearing—or those who care for or interact with a person who is hearing impaired—may be unable to wear masks if they rely on lipreading to communicate. In this situation, consider using a clear mask. If a clear mask isn't available, consider whether you can use written communication, use closed captioning, or decrease background noise to make communication possible while wearing a mask that blocks your lips.
- Some people, such as people with intellectual and developmental disabilities, mental health conditions or other sensory sensitivities, may have challenges wearing a mask. They should consult with their healthcare provider for advice about wearing masks.
- Younger children (e.g., preschool or early elementary aged) may be unable to wear a mask properly, particularly for an extended period of time. Wearing of masks may be prioritized at times when it is difficult to maintain a distance of 6 feet from others (e.g., during carpool drop off or pick up, or when standing in line at school). Ensuring proper mask size and fit and providing children with frequent reminders and education on the importance and proper wear of masks may help address these issues.
- People should not wear masks while engaged in activities that may cause the mask to become wet, like when [swimming at the beach or pool](#). A wet mask may make it difficult to breathe. For activities like swimming, it is particularly important to maintain physical distance from others when in the water.
- People who are engaged in high intensity activities, like running, may not be able to wear a mask if it causes difficulty breathing. If unable to wear a mask, consider conducting the activity in a location with greater ventilation and air exchange (for instance, outdoors versus indoors) and where it is possible to maintain physical distance from others.
- People who work in a setting where masks may increase the risk of [heat-related illness](#) or cause safety concerns due to introduction of a hazard (for instance, straps getting caught in machinery) may consult with an occupational safety and health professional to determine the appropriate mask for their setting. Outdoor workers may prioritize use of masks when in close contact with other people, like during group travel or shift meetings, and remove masks when social distancing is possible. [Find more information here](#) and below.

Masks are a critical preventive measure and are **most** essential in times when social distancing is difficult. If masks cannot be used, make sure to take other measures to reduce the risk of COVID-19 spread, including social distancing, frequent hand washing, and cleaning and disinfecting frequently touched surfaces.

Face Shields

It is not known if face shields provide any benefit as source control to protect others from the spray of respiratory particles. CDC does not recommend use of face shields for normal everyday activities or as a substitute for masks. Some people may choose to use a face shield when sustained close contact with other people is expected. If face shields are used without a mask, they should wrap around the sides of the wearer's face and extend to below the chin. Disposable face shields should only be worn for a single use. Reusable face shields should be cleaned and disinfected after each use. **Plastic face shields for newborns and infants are NOT recommended.**

Surgical Masks

Masks are not surgical masks or respirators. Currently, those are critical supplies that should continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance. Masks also are not appropriate substitutes for them in workplaces where masks or respirators are recommended or required and available.

South Carolina Department of Education Face Covering Guidelines for K-12 Public Schools

The CDC suggests that all school reopening plans address adherence to behaviors that prevent the spread of COVID-19. Face coverings are recommended by national and state public health experts as a simple barrier to help prevent respiratory droplets from traveling into the air and onto other people when the person wearing the covering coughs, sneezes, talks, or raises their voice. This recommendation is based on what we know about the role respiratory droplets play in the spread of the virus that causes COVID-19, paired with [emerging evidence](#) from clinical and laboratory studies that shows coverings reduce the spray of droplets when worn over the nose and mouth. COVID-19 spreads mainly among people who are in close contact with one another (within about 6 feet), so the use of coverings is particularly important in settings where people are close to each other or where social distancing is difficult to maintain.

To support the national and state efforts to slow the spread of COVID-19 and to best protect the health and safety of South Carolina public school students and staff, the South Carolina Department of Education (SCDE) is requiring face coverings to be worn on school buses and within public school facilities. The below information outlines the specifics of the state's face covering policy.

A *face covering* is a piece of fabric, cloth, or other material that covers the wearer's nose, mouth, and chin simultaneously and is secured to the wearer's face by elastic, ties, or other means. Acceptable face coverings may be homemade, and they may be reusable or disposable.

School Buses

Students and staff who ride the state's pupil transportation system to and from school are required to wear face coverings while boarding, riding, and exiting school buses. Staff members, including bus drivers, are required to wear face coverings while boarding, riding, driving, and exiting school buses. Bus drivers and support staff should ask any student who boards a bus without a covering to put one on and offer them a disposable or cloth face covering provided by the SCDE.

Students who should **NOT** be required to wear face coverings:

- Those younger than two years old;
- Those who have trouble breathing;
- Those unable to remove the covering without assistance; and/or
- Those with special healthcare or educational needs as determined by an Individualized Education Program (IEP), 504 Accommodations Plan, or an individual student healthcare plan, or by a medical doctor

Staff members, including bus drivers, who have trouble breathing and/or those with special healthcare needs as noted by a medical doctor should **NOT** be required to wear face coverings.

School Facilities

Students and staff in South Carolina public schools **must** wear a face covering upon entering a school building, moving through hallways, during carpool/bus drop off or pickup, and when social distancing is not possible or optimal. Student face coverings may be removed upon teacher or administrator direction while in the classroom or during special activities outside the classroom.

Students who should **NOT** be required to wear face coverings:

- Those younger than two years old;
- Those who have trouble breathing;
- Those unable to remove the covering without assistance; and/or
- Those with special healthcare or educational needs as determined by an Individualized Education Program (IEP), 504 Accommodations Plan, or an individual student healthcare plan, or by a medical doctor

Staff members who have trouble breathing and/or those with special healthcare needs as noted by a medical doctor should **NOT** be required to wear face covering.

Additional Considerations

The SCDE recognizes that face coverings may be challenging for some students, teachers, and staff, including:

- Younger students, such as those in early elementary school (Pre-Kindergarten-2)
- Students, teachers, and staff with severe asthma or other breathing difficulties.
- Students, teachers, and staff with special educational or healthcare needs, including intellectual and developmental disabilities, mental health conditions, and sensory concerns or tactile sensitivity.

In these instances, parents, guardians, caregivers, teachers, and school administrators should consider [adaptations and alternatives](#) whenever possible.

Consider use of clear face coverings that cover the nose and wrap securely around the face by some teachers and staff. Clear face coverings should be determined not to cause any breathing difficulties or over heating for the wearer. Teachers and staff who may consider using clear face coverings include:

- Those who interact with students or staff who are deaf or hard of hearing, per the [Individuals with Disabilities Education Act](#)
- Teachers of young students learning to read
- Teachers of English learners
- Teachers of students with disabilities, as applicable

Clear face coverings are not face shields. The CDC does **NOT** recommend use of face shields for normal everyday activities or as a substitute for cloth face coverings because of a lack of evidence of their effectiveness for source control.

Greetings, I hope you guys are well. Attached is the City's mask ordinance. The requirements imposed apply to "Foodservice, Retail and Service Establishments" only within the City limits. Although the definitions do not specifically exclude "schools", our interpretation is that term "Establishments" was used as a term applicable to commercial type business sites only. Accordingly, this Ordinance does not apply to schools, churches, private offices, government offices, etc. The City of Rock Hill did specifically include its own gov. buildings and offices with additional specific language, but of course did not attempt to impose such restrictions on other local gov. units such as York County or RHSD. Let me know if you need anything else. Take care. Paul.

Emergency ordinances shall expire automatically as of the sixty-first day following the date of enactment"; and

WHEREAS, the City Council has determined, based on the recommendations of public health experts and responsive to a serious threat to the public health, safety, and welfare of the citizens of the City, that it would serve the public interest, improve the overall health and safety of the citizens, and be within the City's police powers under Home Rule and S.C. Code § 5-7-60 to require that individuals wear face coverings in situations of face-to-face interactions and where social

distancing is difficult to maintain as the least intrusive and most effective means to reduce the spread of COVID-19; and

WHEREAS, the Council desires and intends to work with the business community to develop marketing strategies and signage; facilitate mask availability; and educate the public on the requirements of this Ordinance; and

WHEREAS, the Council wishes to protect businesses which cater to the public from claims of unlawful refusal to provide goods and or services in violation of the Interstate Commerce Clause of the United States Constitution, when such refusal actually stems from an individual's objection to wearing a face covering while at the business establishment; and

WHEREAS, the South Carolina Attorney General, on June 25, 2020, issued a public statement that enacting local mask requirements is within the police power of municipalities and is not preempted by State law; and

Memorandum

TO: Dr. Bill Cook
FROM: Mychal Frost
DATE: August 19, 2020
SUBJECT: Announcements for August 24th School Board Meeting

A Day / B Day Student Assignment

Over the past few days, school administrators have worked closely with our human resources and instruction teams to coordinate student assignments while accounting for social distancing classroom capacities and the number of teachers remaining in each brick and mortar school. Schools are contacting families through mail to provide A or B day assignments. While efforts have been taken to align multi-child family schedules so each child will attend school on campus on the same day, we acknowledge adjustments may need to be made. After receiving your placement, please work directly with your child's principal to discuss any accommodation needed.

Rock Hill Schools Virtual Academy Update

Registration for the Virtual Academy has closed, and our team continues to work diligently to prepare for the 6,664 students participating in the program. Since our last update to the Board, we have secured curriculum platforms for elementary and secondary students that will allow the district to offer an extensive list of courses across all grade levels. Parents will receive information on these curriculum resources as well as access to Canvas (Grades 3-12) and See Saw (Grades K5-Grade 2) learning management system training modules for the start of the school year. We are finalizing the assignments of teachers, and the Virtual Academy leadership will begin communication of teacher assignments with parents once this is completed. Dual credit and advanced courses have been organized and scheduled for secondary schools. Additionally, ESE and ESOL services have been organized and are being finalized with parents. To ensure optimal communication between the brick and mortar school and Virtual Academy, each school has designated contacts for students and parents. Further, we continue to partner with Comporium to bridge the Internet gap for eligible low-income families in our community. Our work with Comporium as well as on-hand resources assures us we will sustain our goal of 100 percent Internet access by our families. Parents with questions or concerns regarding the Virtual Academy are encouraged to contact Dr. Walter Wolff or Mr. Derek McQuiston.

Feeding Sites for Virtual Academy Students

Breakfast and lunch meals will be available for students attending Rock Hill Schools Virtual Academy. Parents will be able to preorder meals through the district's food service website at rockhill.nutrislice.com. Orders may be picked up at one of seven designated locations throughout the district. The pickup locations are Belleview Elementary, Finley Road Elementary, Oakdale Elementary, Rosewood Elementary, Castle Heights Middle, Dutchman Creek Middle, and Northwestern High School. All orders will be delivered curbside by a dedicated food service team member to the parent or guardian's car at the designated time.

Back the Pack to Continue Service this Fall

Program coordination is currently underway for the start of the school year. This year, Back the Pack will be partially funded through CARES Act. We have received the first food order from our partner at Second Harvest, and we will pack bags for distribution to students. We continue the delivery of food packs from the distribution classroom at the Applied Technology Center to each of our schools.

PPE Order Update

Rock Hill Schools is one of 70 South Carolina school districts that will receive personal protective equipment (PPE) and supplies from the state of South Carolina. The state will purchase and distribute \$10 million worth of PPE and supplies to the 70 school districts which will be funded by the state's COVID-19 relief fund. Our portion of the PPE and supplies totaled more than \$560,000 and included the following items:

Face masks (reusable)	Scrubs	Floor decals
Face masks (disposable)	Gloves	Disinfecting products
Clear panel face masks	Forehead thermometers	Electrostatic sprayers
N95 masks	Desk shields/table	Pump sprayers
Face shields	shields/office area shields	Hand sanitizer
Disposable gowns	Signage	

Classroom Supply Money

Rock Hill Schools received approval from South Carolina Department of Education for its CARES Act Elementary and Secondary School Emergency Relief (ESSER) grant application. A portion of these funds have been allocated for the purchase of consumable school supplies for student use during the upcoming school year. These funds made it possible for schools to reduce the items requested on school supply lists.

LEAP Days

Next week begins "LEAP Week" for our elementary and middle school students and teachers. Information has been shared with families about the schedule and activities to be completed during the day. As a reminder, LEAP days have been added to the school schedule for all elementary and middle school students and are required by the South Carolina Department of Education. Activities on these days include:

- Parent orientation meetings,
- Assistance with access to technology devices and internet access, if needed,
- Students participating in beginning of the year assessments, and
- Communication with parents on instructional curriculum platforms.

Student Registration for 2020-2021

We are looking forward to the new beginning that will come with the start of the 2020-2021 school year, and invite families in our community to register for four-year-old kindergarten and kindergarten on our website. We have space for additional students in our four-year-old program offered at the Central Child Development Center. We also request families with students who are returning to the district this year to complete the registration gateway to ensure all student information is correct, especially medical/health information and contact information. Please visit www.rock-hill.k12.sc.us/enroll to get started.

Return to School Plan Updating Process

As conditions change and COVID-19 disease data is provided from SC DHEC, the district has committed to update pertinent information in the Return to School Plan each Tuesday. The published file on the district website is updated once per week, and the document is easily accessible from the district homepage.

Return to Middle School Athletics

We are tentatively planning for the staggered start of middle school fall athletics beginning Monday, August 31. Rock Hill Middle School athletic departments are following the SC High School League Guidelines for the Return to Sports. The start days and times for volleyball, football, and cheer will depend upon the number of available facilities at each middle school. Middle school athletic directors will schedule groups of students to come on to campus at specific times and days. To participate, students will need a parent/guardian to complete an athletic waiver on the Planet High School website. Copies of the waiver are also available from the athletic office at each middle school. When on campus participating in a practice, all coaches and students will be required to wear face masks and will follow a screening protocol including a temperature check and answering questions related to COVID-19 exposure. Parents with questions are encouraged to contact the athletic director at their child's school.

Transportation Update

Our Transportation Department team is working diligently on populating our bus routes. We encourage our parents to utilize the MyStop app that will allow our parents to have real time bus information, including bus number information, bus routes and times that our buses will be at their students' bus stop. The MyStop app information can be found on the district's webpage under Transportation. As a reminder, the State Department of Education has allowed districts to utilize 67% of the buses capacity for routes. Seats will be labeled for non-use and students will have assigned seats. Buses will be cleaned after the completion of morning and afternoon routes and will be cleaned and disinfected twice a day using an electrostatic handheld sprayer with an EPA approved disinfectant. While on the bus, masks are mandated for all students and drivers.

Playgrounds and Outdoor Learning Spaces

Our custodial teams are working with principals to develop daily schedules for playgrounds and outdoor leaning spaces. Facilities Services has sent aerial photos to all principal showing their campuses to help their team evaluate areas that can be utilized as outdoor leaning spaces. These areas will be sanitized after each class use. Classrooms will be disinfected daily by our custodial staff and disinfectant bottles will be available in each classroom for teacher use.

Upcoming Board Meetings

The School Board will next meet on Monday, September 14th. The meeting will be streamed on our website and available for viewing on-demand immediately following the broadcast. We invite our community to watch meetings and remain connected with our board processes during this time.

Mission

- We provide individualized education in a safe and nurturing environment that promotes academic and personal growth as well as career and college readiness for at-risk youth who are facing adverse challenges.

Vision & Belief Statements

- **We believe students...**
 - Have the right to an education that instills life-long learning, citizenship, and high expectations.
 - Can learn how to be productive citizens that change the world of science, art, language, business, and global peace.
 - Have a responsibility of taking ownership of their education and the way they lead their life.
 - Should be taught how to accept and celebrate the differences of people in our society.
-
- **We believe teachers...**
 - Deserve to be treated as professionals, educational leaders and policymakers within the school and education.
 - Need to collaborate with their colleagues, administrators, and parents so they can make a positive impact on their instruction and students.
 - Must have trust in the administration, colleagues, and children.
 - Must be willing to grow, be accountable, and be risk takers.
 - Are the key to academic success when given the appropriate support and resources.
 - Must treat students with dignity and meet the needs of all students.
-
- **We believe Creative Leaders...**
 - Foster teacher empowerment, teacher and parent ownership, and community partnership within a school and district.
 - Are empathetic listeners to students, teachers, and parents.
 - Promote learning as a life-long process.
 - Make decisions that put students' best interest first.
 - Learn and teach others how to acquire information, to think critically, to apply knowledge, and to produce quality work.
 - Continue to improve education through transformative ideas and cutting edge research based curriculums.

Objectives

- Students, teachers, and administrators will take ownership in the school and educational process.
- Develop curriculum and instruction that is relevant and meaningful that stimulates thinking and reasoning.
- Teach all stakeholders the many different cultures within the school and community.
- Students will learn in a friendly and safe environment so learning can exist.
- Students will meet state and national standards through the instruction of the classroom and the climate of the school.

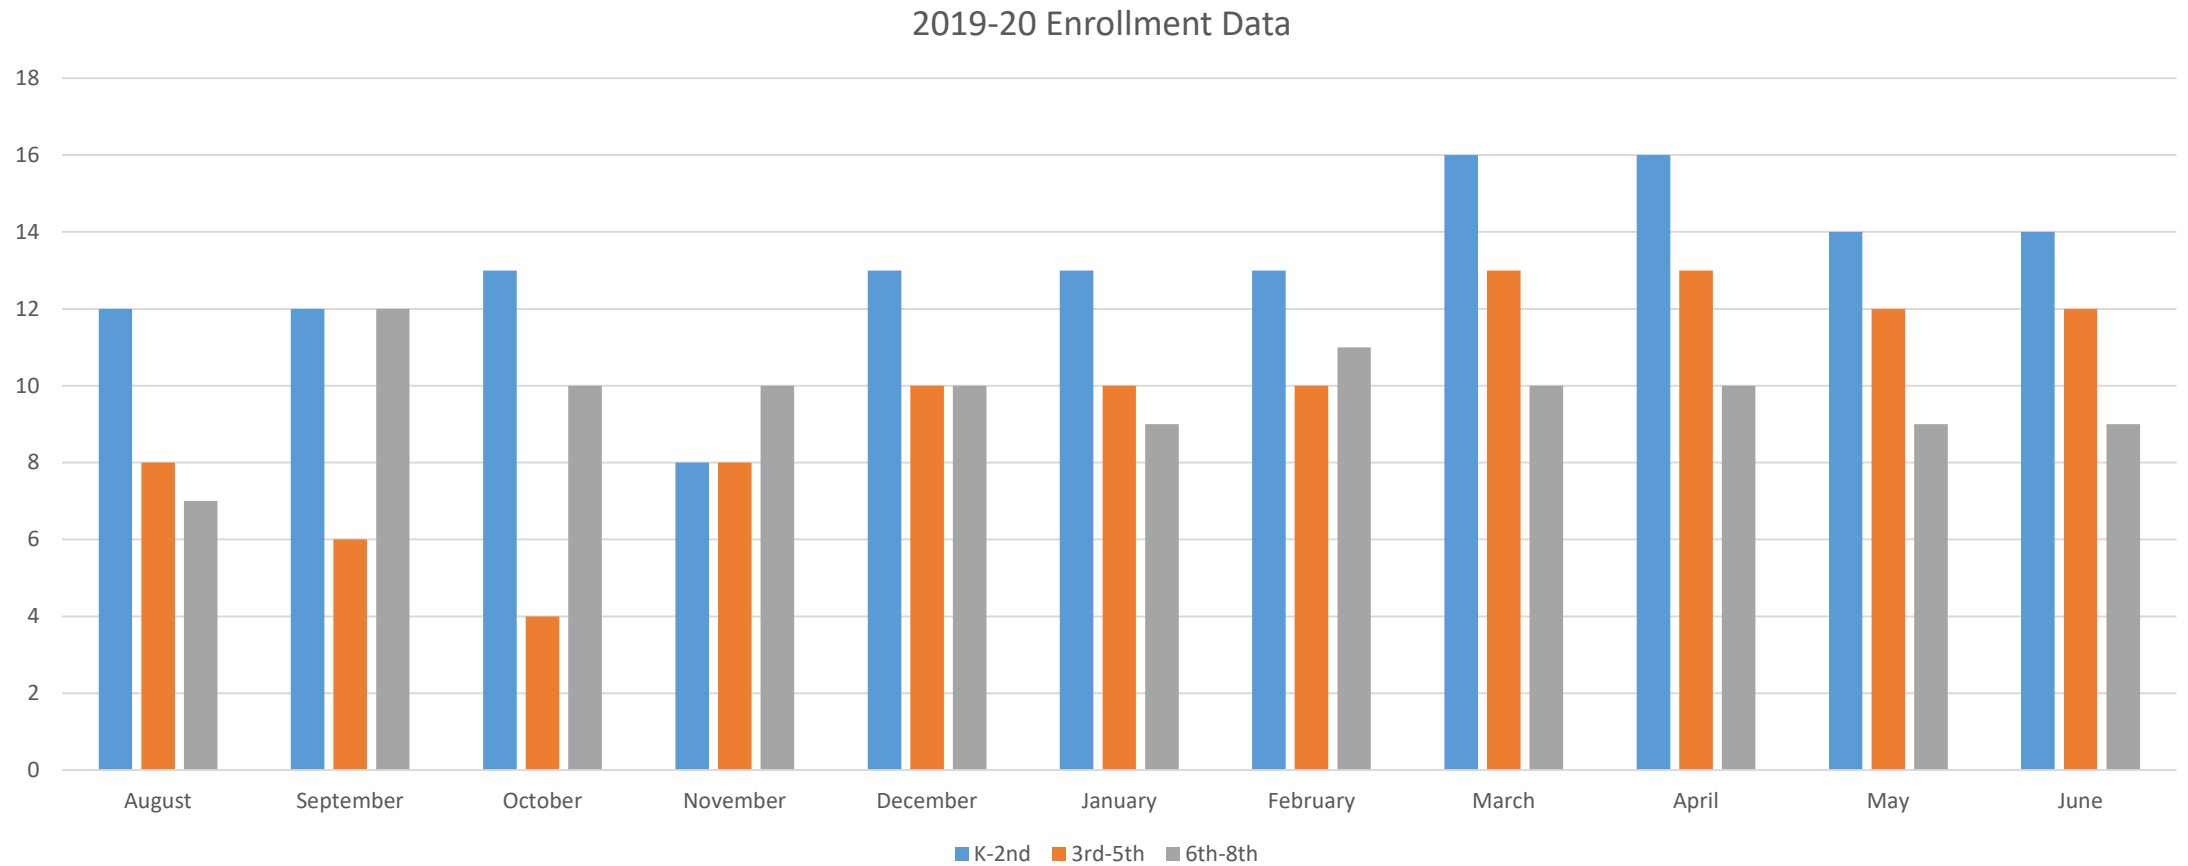

Curriculum & Instructional Design

- **Research-based instructional practices:** The Palmetto School at the Children's Attention Home teachers and school leaders were trained to maximize student learning opportunities through the use of effective lessons that considered not only the concepts students must know but also the instructional strategies that would help the students learn more effectively.
- **Data-driven instruction:** The Palmetto School at the Children's Attention Home teachers and school leaders were trained to make instructional decisions that were based on the student needs as determined by examination of student work and data such as Fountas and Pinnell running records. These types of common formative assessments help to develop instruction. Teachers have received training in both data decision making and differentiated instruction. Teachers also implemented a new Leveled Literacy Intervention program that required running records to be completed on a weekly basis. The lessons in the intervention program were data driven.
- **Arts integration based learning:** The Palmetto School at the Children's Attention Home teachers and school leaders were trained to prioritize learning standards and to develop interactive, interdisciplinary performance tasks that assess student learning through arts integration. The Palmetto School at the Children's Attention Home believes students learn best by arts integration. Arts integration units are a foundation of the educational experience at The Palmetto School at the Children's Attention Home.

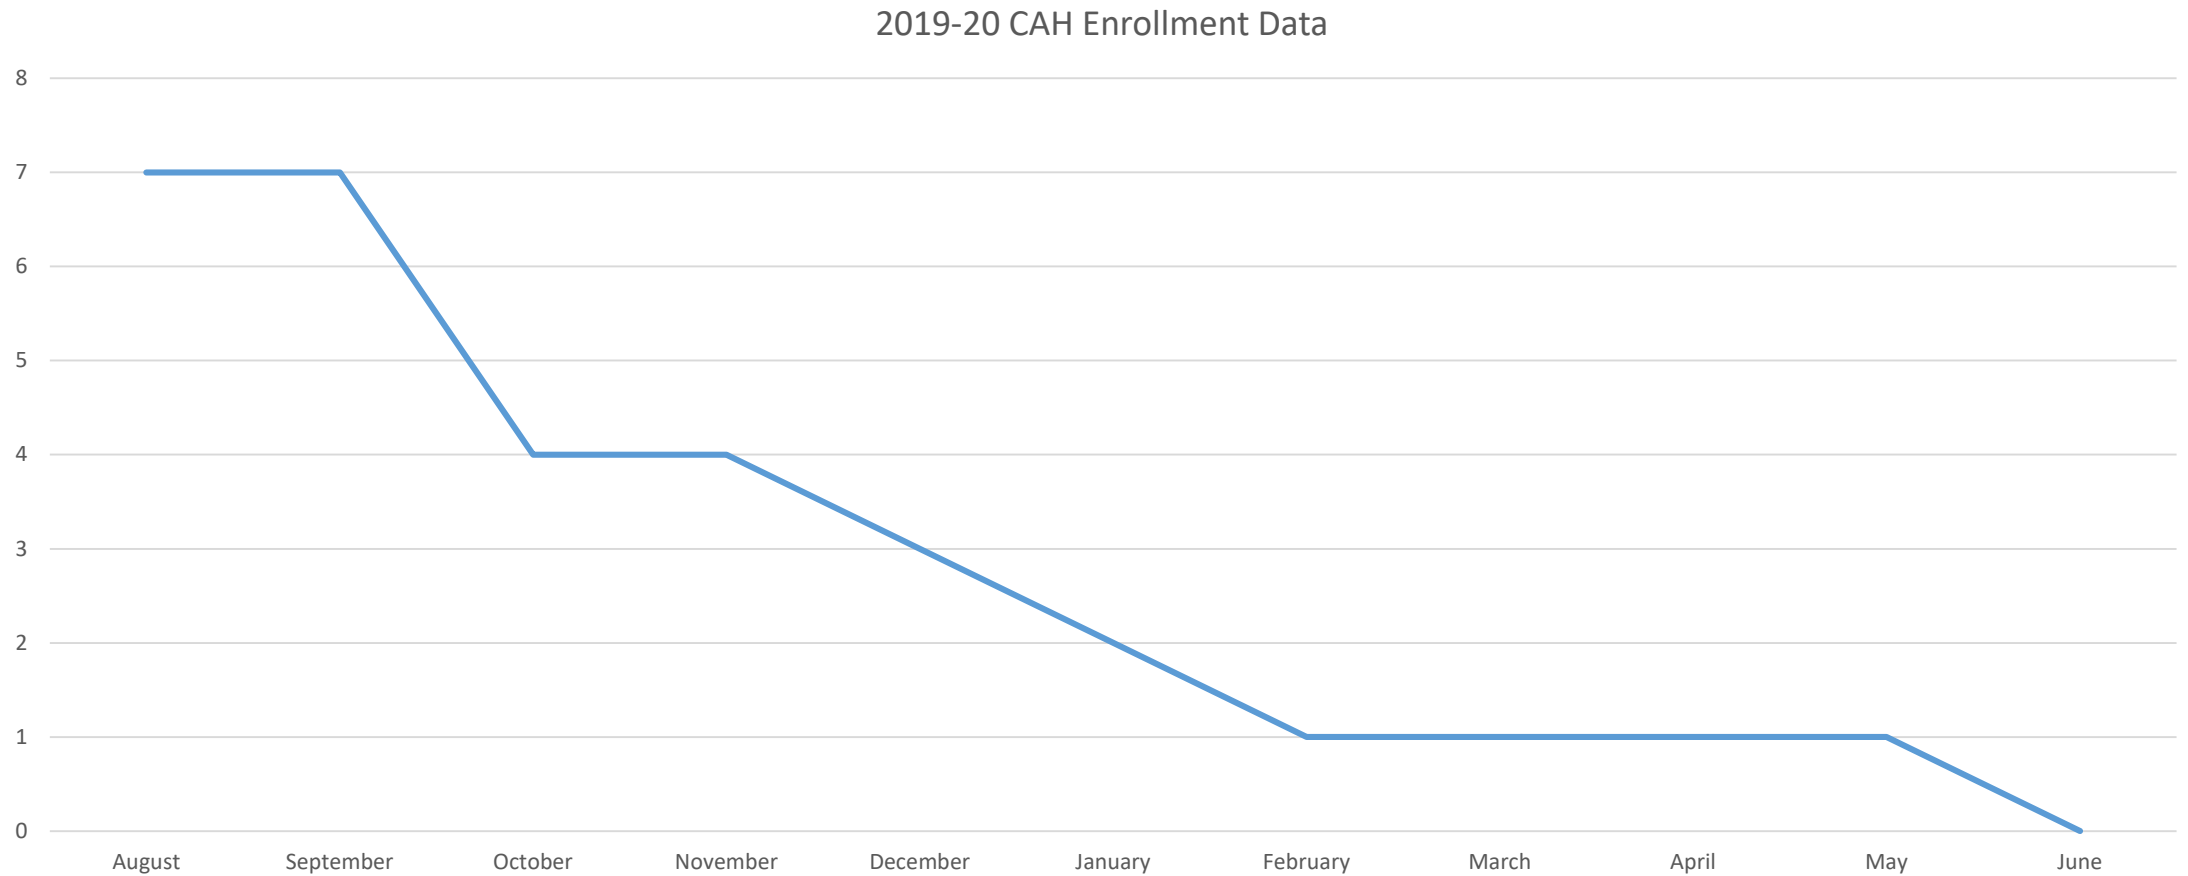

Multi-Age Learning Structures

- **Core Classes:** Math, Language Arts, Science and Social Studies composed our core curriculum. Highly qualified educators taught core classes. The curriculum and teaching strategies were examined and revised regularly as determined by student data collected by a data team consisting of the teachers and Principal. The core classes were composed of multi-grade levels. Students were divided into guided reading and guided math groups based on students' levels. Social Studies classes were divided into common standards groups (i.e. K-2, 3rd and 8th grades SC History, 4th & 5th grades US History, 6th and 7th grades World History).
- **Individualized Instruction:** Due to Title I funding, the school was able to hire an interventionist and instructional assistant that were able to provide individualized instruction to those students who were below grade level.
- **Positive Behavior Intervention Support (PBIS):** Many of the students came to the school with varying classroom behaviors and emotional issues. The Principal trained the teachers on how to integrate Positive Behavior Supports (PBS) in their classrooms as part of professional development. PBS is based on applied behavior analysis and has been used in many different schools throughout the United States. The corner stone behind PBS is teaching students specifically how to behave in the classroom and school. The program promotes reinforcement of positive behavior rather than the negative behavior that is taking place in the classroom. The Principal developed a 'School Wide' expectations system that was presented in weekly lessons to the students. This program greatly reduced classroom disruptions and discipline referrals.
- **Creative Learning and Healing Garden:** The school developed an outdoor learning center for students to explore the elements of nature, environmental, and plant life science. Students helped to build the garden and plant vegetables for the summer. Students were able to learn about plant biology and nature while simultaneously "healing" by putting their energy into a garden which served as a bed of emotions.
- **Leveled Literacy Intervention (LLI) program:** The LLI program is a short-term, intensive, small-group intervention designed for children in grades kindergarten through second grade who are having difficulty learning early reading and writing skills. The goal of the program is to accelerate these children's progress in order to bring their skills up to grade level, so that their early literacy difficulties do not become long-term deficits. The program is appropriate for struggling regular education students and students with special needs, and there are minor modifications for English language learners.
- **Moving with Math Extensions program:** Moving with Math is an intervention based program that identifies specific math skills that have not been mastered by a child at their grade level. The Program is designed to provide hands-on interactive instruction that makes math fun to learn. It incorporates math manipulatives and daily assessment during the instruction each week. This program has been aligned to improve math readiness skills.
