INTRODUCTION

South Carolina’s Assisting, Developing, and Evaluating Professional Teaching (ADEPT) system provides appropriate standards and procedures for the performance evaluation of school guidance counselors. It includes multiple sources of evidence that reflect the guidance counselor’s performance relative to the seven ADEPT Performance Standards for guidance.

APS 1  Long-Range Planning
APS 2  Short-Range Planning of Guidance and Counseling Activities
APS 3  Development and Use of Assessments
APS 4  Providing Guidance and Counseling Services
APS 5  Providing Consultation Services
APS 6  Coordinating Guidance and Counseling Services
APS 7  Professional Responsibilities

THE PROCESS

Evaluation Teams
All evaluation team members must be certified ADEPT evaluators and have successfully completed training in the ADEPT Special Areas evaluation instrument for school guidance counselors. Evaluators for ADEPT Special Areas guidance will participate in a yearly required orientation.

Teacher Support Specialists in collaboration with the school principal will assign each Induction school guidance counselor a two-member assistance team (mentor and team administrator). The Teacher Support Specialists in collaboration with the school principal will assign each guidance counselor on Formal evaluation with a two-member evaluation team (team administrator and peer evaluator). The team administrator will be responsible for monitoring the timeline, collecting documents, and distributing information to the other evaluator(s) as well as the counselor being evaluated. Guidance counselors on Highly-Consequential Formal Evaluation will have a three-member team.

Orientation Sessions
The Teacher Support Specialists will conduct an ADEPT Special Areas orientation session for guidance counselors being evaluated. The orientation will include written and oral explanations of ADEPT, the ADEPT APSs for school guidance counselors, the evaluation process, the criteria for successfully completing the evaluation, and the intended use of the evaluation results. Guidance counselors will be provided a timeline for the process and will be given the opportunity to ask questions for clarification.

Team members will participate in a required orientation on the ADEPT Special Areas instrument for guidance counselors. This session will address all components of the ADEPT Special Areas evaluation instrument. Team members will be reminded of their responsibilities and the importance of adhering to the guidelines of the ADEPT Special Areas process.

Pre-Evaluation Contacts

Team members should contact the guidance counselor they will be evaluating prior to the beginning of the Preliminary Period. During this contact, they will introduce themselves and answer questions in regard to the process. They should review the timeline to ensure the guidance counselor understands his/her responsibilities.

Team Planning

Team planning should occur at the beginning of the Preliminary Period. At this meeting, team members will determine observation and conference dates. The evaluation instrument contains a Team Planning Sheet that will be completed at the meeting.
Long-Range Plan (APS 1)

Formal Evaluation

The guidance counselor going through summative formal evaluation will follow the state guidelines for developing a written Long-Range Plan (LRP) to be submitted to each team member. Guidance counselors who are required to update the Long-Range Plan for the Final Evaluation Period must submit the revised Long-Range Plan to the team administrator.

The Long-Range Plan need not be reviewed again during the Final Period of evaluation if (1) the school guidance counselor receives a preliminary rating of Met on APS 1, (2) the Long-Range Plan required no significant modifications subsequent to the initial review, and (3) the evaluation team agrees that no additional modifications to or reviews of the plan are necessary. Data collection for APS 1 may be resumed at any time during the Final Period, at the discretion of the evaluation team. In such instances, the school guidance counselor must be provided with a minimum of two weeks prior written notice and a statement of the team’s rationale for resuming the process.

Induction

The first-year guidance counselor going through formative evaluation will follow the state guidelines for developing a written Long-Range Plan (LRP) to be submitted to each team member. Team members will provide feedback within two weeks of receiving the LRP. The guidance counselor should continue the revisions of the LRP until it is deemed satisfactory to the team.

The LRP should be updated during the Final Period to reflect changes in demographics/class schedule.

Interviews (APS 2, APS 3, and APS 6)

Formal Evaluation

During the Preliminary Period, each evaluator must conduct at least one interview with the school guidance counselor to collect information and view artifacts related to their ADEPT Performance Standards (APSs). The evaluator certified in school guidance counseling must focus at least one interview on the areas related to counseling (confidential session). The other evaluator (administrator) must focus at least one interview on the areas related to guidance.

Additional interviews in any area may be conducted at the discretion of the evaluation team. APSs 2, 3, and 6 need not be reviewed again during the Final Period of evaluation if (1) the school guidance counselor receives a preliminary rating of Met on these APSs and (2) the evaluation team agrees that no additional reviews are necessary. Data collection for APSs 2, 3 and 6 may be resumed at any time during the Final Period, at the discretion of the evaluation team. In such instances, the school guidance counselor must be provided with a minimum of two weeks prior written notice and a statement of the team’s rationale for resuming the process. Interviews for the Final Period will end according to the timeline.

Induction

During the Preliminary Period, each assistance team member must conduct at least one interview with the school guidance counselor to collect information and view artifacts related to their ADEPT Performance Standards (APSs). The member of the assistance team certified in school guidance counseling must focus at least one interview on the areas related to counseling (confidential session). The other team member must focus at least one interview on the areas related to guidance.

Additional interviews in any area may be conducted at the discretion of the team. APSs 2, 3, and 6 need not be reviewed again during the Final Period if the team agrees that no additional reviews are necessary. However, team members should continue to give feedback throughout the year. Data collection for APSs 2, 3 and 6 may be resumed at any time during the Final Period, at the discretion of the team. Interviews for the Final Period will end according to the timeline.
Observations (APS 4)

**Formal Evaluation**

Observations of the school guidance counselor may begin on the dates specified on the ADEPT Special Areas Composite Calendar. Each evaluator must conduct a **minimum of one unannounced** observation each period (i.e., a total of four observations must be conducted during the school year). The member of the evaluation team certified in school guidance counseling must conduct one or more observations of an individual, small-group, or crisis counseling session, consistent with all confidentiality guidelines set forth in the *Ethical Standards for School Counselors* (American School Counselor Association, 1998). The other evaluator(s) must conduct at least one observation of a large-group or classroom guidance activity or a group or individual planning session. All required observations must last a minimum of one entire session. Additional observations may be conducted at the discretion of the evaluation team. The ending dates for observations are designated on the Composite Calendar.

*Note:* (Feedback may NOT be given to the teacher until the Preliminary Conference in December.)

**Induction**

Observations of the school guidance counselor may begin on the dates specified on the ADEPT Special Areas Composite Calendar. Each team member must conduct a **minimum of one announced** observation each period (i.e., a total of four observations must be conducted during the school year). The member of the team certified in school guidance counseling must conduct one or more observations of an individual, small-group, or crisis counseling session, consistent with all confidentiality guidelines set forth in the *Ethical Standards for School Counselors* (American School Counselor Association, 1998). The team member(s) must conduct at least one observation of a large-group or classroom guidance activity or a group or individual planning session. All required observations must last a minimum of one entire session. Additional observations may be conducted at the discretion of the team. The ending dates for observations are designated on the Composite Calendar.

*Note:* (Feedback MAY be given to the teacher following each observation.)

Reflections (APS 4)

**Formal Evaluation**

Following every integral (formal) observation conducted during the Preliminary Evaluation Period, the school guidance counselor must complete a written Reflection on the session. The Reflection should be submitted to the evaluator within **seven calendar days** of the observation, unless an extension is approved by the evaluator. Each Reflection must be reviewed by the evaluator who conducted the observation.

The school guidance counselor need not complete another Reflection following the observations conducted during the Final Period of evaluation if (1) he or she receives a preliminary rating of *Met* on APS 4 and (2) the evaluation team agrees that no additional written reflections are necessary. Additional Reflections may be requested at any time during the Final Evaluation Period, at the discretion of the evaluation team. **In such instances, the school guidance counselor must be provided with a minimum of two weeks prior written notice and a statement of the team’s rationale for resuming the process.**

**Induction**

Following every integral observation conducted during the Preliminary Period, the school guidance counselor must complete a written Reflection on the session. The Reflection should be submitted to the team within **seven calendar days** of the observation, unless an extension is approved by the team member. Each Reflection must be reviewed by the team member who conducted the observation.

The school guidance counselor need not complete another Reflection following the observations conducted during the Final Period if the team agrees that no additional written reflections are necessary. Additional Reflections may be requested at any time during the Final Period, at the discretion of the team. The team should continue to give feedback through the final period.
Consultation Survey and Summary Report (APS 5)

**Formal Evaluation**

During the Preliminary Period of evaluation, the school guidance counselor will conduct the Consultation Survey and obtain feedback regarding his or her consultation activities. The feedback must include, but need not be limited to, written surveys (e.g., the Consultation Survey form) completed by parents/guardians, students, teachers, and administrators. Surveys must be completed by at least ten different respondents, including at least one building-level administrator. The school guidance counselor must complete the Consultation Summary Report on the basis of the survey results and submit it by the due date on the Composite Calendar.

Evaluators must review the school guidance counselor’s Consultation Summary Report. Copies of the actual completed surveys must be made available to the evaluators upon request. Supportive evidence may be obtained via interviews and/or observations of consultation activities, as deemed appropriate by the evaluation team. APS 5 need not be reviewed again during the Final Period if (1) the school guidance counselor receives a preliminary rating of Met Standard on APS 5 and (2) the evaluation team agrees that no additional reviews are necessary. Data collection may be resumed at any time during the Final Period, at the discretion of the evaluation team. In such instances, the school guidance counselor must be provided with a minimum of two weeks prior written notice and a statement of the team’s rationale for resuming the process.

**Induction**

During the Preliminary Period of evaluation, the school guidance counselor will conduct the Consultation Survey and obtain feedback regarding his or her consultation activities. The feedback must include, but need not be limited to, written surveys (e.g., the Consultation Survey form) completed by parents/guardians, students, teachers, and administrators. Surveys must be completed by at least ten different respondents, including at least one building-level administrator. The school guidance counselor must complete the Consultation Summary Report on the basis of the survey results and submit it by the due date on the Composite Calendar.

Team members must review the school guidance counselor’s Consultation Summary Report. Copies of the actual completed surveys must be made available to the team members upon request. Supportive evidence may be obtained via interviews and/or observations of consultation activities, as deemed appropriate by the team. APS 5 need not be reviewed again during the Final Period if the team agrees that no additional reviews are necessary. Data collection may be resumed at any time during the Final Period, at the discretion of the team. In such instances, the school guidance counselor must be provided with a minimum of two weeks prior written notice and a statement of the team’s rationale for resuming the process.

Professional Self-Report and Performance Description (APS 7)

**Formal Evaluation**

The school guidance counselor must complete and submit the Professional Self-Report to the team administrator. The administrator (and other supervisors, as appropriate) must complete the Professional Performance Description at the end of the Preliminary Period. Each evaluator must review the Professional Self-Report and the Professional Performance Description. The administrator must complete an additional Professional Performance Description for the Final Period. The school guidance counselor need not complete another Professional Self-Report during the Final Evaluation Period if (1) he or she receives a preliminary rating of Met on APS 7 and (2) the evaluation team agrees that no additional reviews are necessary. If a Final Period Professional Self-Report is to be submitted by the guidance counselor, it is due to the team administrator according to the Composite Calendar.
**Professional Self-Report and Performance Description (APS 7) continued**

**Induction**

The school guidance counselor must complete and submit the Professional Self-Report to the team administrator. A building-level administrator (and other supervisors, as appropriate) must complete the Professional Performance Description at the end of the Preliminary Period. Each team member must review the Professional Self-Report and the Professional Performance Description. The building administrator must complete an additional Professional Performance Description for the Final Period. The school guidance counselor need not complete another Professional Self-Report during the Final Period if the team agrees that no additional reviews are necessary. If a Final Period Professional Self-Report is to be submitted by the guidance counselor, it is due to the team administrator according to the Composite Calendar.

**Evaluation Consensus Judgments**

**Formal Evaluation**

The evaluation team will independently review evidence they have collected and conduct a consensus meeting to determine the growth rating of the guidance counselor and to reach an overall consensus judgment. The evaluation team must reach consensus on each of the seven APSs regarding whether the guidance counselor met or not met the guidance standards. The team will document its consensus evidence relative to each performance standard on the **Formal Evaluation Summary**. Should the two evaluators on a two-member team not reach consensus, they may request a process observer to hear their discussion and provide an objective opinion about how the process is being applied. If the process observer determines that the two-member team needs additional information to reach consensus, the team will collect further evidence from additional observations in order to reach a decision.

**Induction**

The team will independently review evidence they have collected and conduct a consensus meeting to determine the growth rating of the guidance counselor and to reach an overall consensus judgment. The team must reach consensus on each of the seven APSs regarding whether the guidance counselor demonstrates needs improvement or progressing. The team will document its consensus evidence relative to each performance standard on the **Induction Progress Summary**. The school guidance counselor must demonstrate progressing on all seven of the APSs at the time of the final conference.
