**Subject:** Video Services at Graduation

Good afternoon,

On behalf of the Public Information Officers / Communications Offices at each of your school districts, I am happy to share with you that your graduation ceremony will be streamed to BOTH the video “jumbotron” at the Winthrop Coliseum and on your school website. To extend the audience even more, we will now attempt to simulcast each school’s ceremony on the respective district’s Facebook page. Each of you are likely aware that in recent weeks a decision was made by Comporium and Winthrop to no longer broadcast graduation on the “jumbotron”. While it came as a surprise to us, we have worked as a team of PIOs to devise a solution and are grateful for Winthrop being open to our solution. A comparable service was offered last week by contractor arranged by Winthrop at a rate of \$1,000 per graduation. We are offering this service to York and Clover for \$75 for each ceremony. The service offered by the Winthrop contractor did not include streaming to your website or to social media. Following graduation, we will make available to each school one DVD copy of the ceremony. For DVD duplication services, I can recommend Rock Hill-based company All Pro Solutions, Inc. at 803-980-4141.

Each district website will have the video feed appear once the broadcast goes live. In the meantime, you can access the feed for your school at the following URLs:
